- 7) Legislative, administrative or judicial challenges: There have been no legislative, administrative, or judicial challenges to the construction of the public improvements or the development of the district.

Except as previously disclosed in, among other documents: (i) the Continuing Disclosure Agreement dated as of December 1, 2006; (ii) the Certificate of Tanger Properties Limited Partnership dated as of December 20, 2006; and (iii) the Limited Offering Memorandum dated December 15, 2006, as supplemented by Supplement dated December 26, 2006, there have been no legislative, administrative or judicial challenges to the construction of the public improvements or the development of the district.

However, the litigation described in the Limited Offering Memorandum filed by the Objectors challenging the approval of the TIF was decided by the Pennsylvania Commonwealth Court in favor the County, the Township, and the School District (the "Taxing Districts") on June 25, 2007. On July 5, 2007, the Objectors filed a timely petition for allocatur to the Pennsylvania Supreme Court. The Pennsylvania Supreme Court granted allocatur on January 2, 2008. The two issues on appeal are 1) whether the Court has jurisdiction to review municipal decisions approving a TIF District supported by public funds and 2) whether Plaintiffs' (Objectors') allegations that the Defendants made finding of blight in bad faith are sufficient to withstand a demurrer. Objectors filed their brief on the merits on February 19, 2008. The Taxing Districts filed their response briefs on March 20, 2008. Tanger filed an amicus brief on the same day. On April 7, 2008, Objectors filed a reply brief. Oral argument, which relates to the merits of the appeal, is scheduled on September 8, 2008 before the Pennsylvania Supreme Court, which will be sitting in Pittsburgh.

In addition, Objectors filed litigation on December 20, 2006, which challenged the TIF Plan and the issuance of Tanger's bonds for development of the Victory Centre Project. Objectors alleged that there was a substantial deviation from the TIF Plan as adopted, which required the TIF Plan to be amended and to be sent through the approval process a second time. On September 26, 2007, the Washington County Common Pleas Court dismissed Objectors' case. Objectors appealed to the Pennsylvania Commonwealth Court on October 5, 2007. Objectors, the Redevelopment Authority, the Township, and Tanger (as an amicus party) filed briefs on the merits. On July 11, 2008, the Pennsylvania Commonwealth Court, issued an opinion in favor of the Redevelopment Authority and the Township and against Objectors, holding that there was no ripe controversy and no allegations of the type of substantial changes to the TIF Plan that justified an amendment to the TIF Plan. Objectors filed a timely application for reargument with the Pennsylvania Commonwealth Court on July 25, 2008. Pennsylvania Commonwealth Court must make a decision regarding reargument within sixty (60) days or the petition is deemed denied. If reargument is denied, Objectors will then have thirty days to file a petition for allocatur with the Pennsylvania Supreme Court.
