APPENDIX A

Village of Cary Annual Financial Report

I. UPDATED INFORMATION

Information provided below is updated from the official statement dated July 13, 2006:

- Special taxes were levied in 2005 for collection in 2006 in the amount of \$780,000. As of January 8, 2008, McHenry County reports collecting and transferring to the Village of Cary the special taxes in the amount of \$780,000.00, representing 100 percent of special taxes for calendar year 2005.
- Special taxes were levied in 2006 for collection in 2007 in the amount of \$660,006. As of January 25, 2008, McHenry County reports collecting and transferring to the Village of Cary the special taxes in the amount of \$660,006.00, representing 100 percent of special taxes for calendar year 2006.
- Special taxes were levied in 2007 for collection in 2008 in the amount of \$660,000. The special taxes are due in June and September 2008. As a result, there are no delinquent special taxes for calendar year 2007 at this time.
- According to McHenry County treasurer's web site, the representative calendar year 2006 tax rate for a single family home was 7.2794 per \$100 of assessed value.
- According to the U.S Bureau's 2006 American Community Survey, the median household income for McHenry County and the State of Illinois was \$71,975 and \$52,006, respectively.
- According to the U.S Bureau's 2006 American Community Survey, the median home values for McHenry County and the State of Illinois were \$252,700 and \$200,200, respectively.

II. INTRODUCTION

The Village of Cary, McHenry County, Illinois Special Service Area Number Two issued the \$11,595,000 Series 2006 Special Tax Refunding Bonds to refund and defease the \$10,500,000 Series 2000A Special Tax Bonds. The Series 2000A Special Tax Bonds were issued pursuant to a Trust Indenture, dated as of August 1, 2000, between the Village of Cary and J.P Morgan Trust Company, National Association (formerly American National Bank and Trust Company of Chicago, Illinois). The Series 2006 Special Tax Refunding Bonds were issued pursuant to and in accordance with (i) the Illinois Constitution of 1970, (ii) the Special Service Area Tax Law of the State of Illinois, (iii) the Illinois Local Government Debt Reform Act of the State of Illinois, (iv) Ordinance No. 06-06-07, which was adopted by the village on June 20, 2006 providing for the issuance of the Series 2006 Special Tax Refunding Bonds, and (v) a trust indenture dated as of July 1, 2006, between the Village of Cary and the Bank of York Trust Company (formerly J.P. Morgan Trust Company, National Association Chicago, Illinois).

According to the Official Statement for the Series 2006 Special Tax Refunding Bonds, the Village of Cary Special Service Area Number Two consists of approximately 330 acres of land located on the north side of Three Oaks Road and on the east side of Silver Lakes Road in Cary, Illinois, commonly known as the Foxford Hills Project.

The property in the special service area has been developed by Pinnacle Corporation, an Illinois Corporation, doing business as Town and Country Homes (the “developer”). The special service area consists of 374 detached single-family homes, surrounded by Foxford Hills Golf Club, which opened in 2002 and is owned by Cary Park District. According to the Official Statement, dated as of July 13, 2006, the developer has completed building all single-family homes in the special service area.

Pursuant to the Official Statement, \$11,595,000 in Special Tax Refunding Bonds (Series 2006) were sold and used to refund and defease the \$10,500,000 Special Tax Bonds (Series 2000A). Series 2000A bond proceeds were used to construct certain special services consisting of earthwork, underground utilities, landscaping and other eligible costs to serve the area that were required in connection with the development of the area.

The information provided herein is not intended to supplement or otherwise relate to the information provided in the Limited Offering Memorandum and any such intent is expressly disavowed. Rather, this report responds to the specific requirements of the continuing disclosure agreement.

No representation is made as to the materiality or completeness of the information provided herein or as to whether other relevant information exists with respect to the period covered by this report. Other matters or events may have occurred or become known during or since that period that may be material. All information is provided as of December 31, 2007, unless otherwise stated, and no representation is made that the information contained in this report is indicative of information that may pertain since the end of the period covered by this report or in the future.

III. TRUSTEE ACCOUNTS

The trustee for the Series 2006 Refunding Bonds is the Bank of New York Trust Company (formerly J.P. Morgan Trust Company). The initial deposits for the Series 2006 Refunding Bonds, interest paid, additional proceeds, disbursements and account balances as of December 31, 2007, are shown in the following table:

Table III-1
Summary of Transactions

	Initial Deposits for the Series 2006 Refunding Bonds	Interest Income	Additional Proceeds	Disbursements	12/31/07 Balance
Bond and Interest Fund	\$0	\$31,163	\$1,586,073	\$804,207	\$813,029
Special Redemption Account	\$0	\$6,394	\$209,310	\$159,747	\$55,957
Reserve Fund	\$1,023,750	\$67,832	\$4,900	\$64,389	\$1,032,094
Cost of Issuance	\$12,539	\$139	\$0	\$12,664	\$15
Admin. Expense Fund	\$0	\$1,694	\$40,988	\$23,737	\$18,945
Defeasance Escrow Account	\$11,275,837	\$615,535	\$1,611	\$1,280,773	\$10,612,210
Total	\$12,312,126	\$722,758	\$1,842,881	\$2,345,516	\$12,532,249

The additional proceeds to the Bond and Interest Fund were special tax revenues for the payment of debt service. The additional proceeds to the Special Redemption Account represent special tax prepayments. The disbursements from Special Redemption Account represent transfer of funds to the Bond and Interest Fund for redemption of the Series 2006 Refunding Bonds with prepayments. Disbursements from the Reserve Fund consist of miscellaneous fees paid to the trustee and transfer of Reserve Fund special tax credit to the Special Redemption Account. Disbursements from the Cost of Issuance Account represents payment of the cost associated with the issuance of the Series 2006 Refunding Bonds and transfer of residual balance in the Cost of Issuance Account to the Bond and Interest Fund. The additional proceeds to the Administrative Expense Fund were transfers of special tax revenues from the Bond and Interest Fund to fund special service area operations. Additional proceeds to the Escrow Account represents transfer of funds from 2000A Bond and Interest payment account for the payment of debt service on the Series 2000A Bonds.

The interest paid through December 31, 2007 does not include interest accrued but not yet paid. The Defeasance Escrow Funds are invested in US Treasury Note earning 5.08 percent that matures on March 1, 2010. Other bond proceeds in each fund are invested in money market funds currently earning approximately 4.43 percent per year. Table III-2 below shows the approximate rates of return on the investments as of December 31, 2007.

Investment income in the Bond and Interest Fund will remain in the Bond and Interest Fund. The proceeds in the excess of reserve requirement in the Reserve Fund shall be transferred to the Interest Fund to be used for the payment of interest on bonds. Investment income in the Escrow Account will be used to pay debt service on the prior bonds

Table III-2

Account	Rate of Return
Reserve Fund	4.43%
Special Redemption Account	4.43%
Defeasance Escrow Account	5.08%
Bond and Interest Fund	4.43%

IV. DISTRICT OPERATIONS AND FINANCIAL INFORMATION

A. VILLAGE'S FINANCIAL STATEMENTS

A copy of the Village's Audited Financial Statements for the fiscal year ending April 30, 2007 is attached hereto as Appendix A.

B. SPECIAL ASSESSMENTS LEVIED AND COLLECTED

The \$10,500,000 Cary Special Service Area Number Two Series 2000A Special Tax Bonds were defeased and refunded on July 13, 2006 with the \$11,595,000 Cary Special Service Area Number Two Series 2006 Special Tax Refunding Bonds.

The special tax roll is to be amended each year to reflect: (i) the Maximum Special Taxes and the Maximum Parcel Special Taxes for the current Calendar Year, (ii) the Special Taxes as abated for the Calendar Year, (iii) prepayment of the special tax by any parcel, and (iv) any subdivisions of Parcels in the SSA that result in any reallocation of the special taxes.

The maximum annual special tax is the aggregate amount levied each calendar year on all of the parcels within the SSA. Special taxes have been levied at the maximum rate for the years 2000 - 2028. Special taxes levied in 2007 are for collection in 2008. After accounting for prepaid special taxes, the maximum annual special tax for 2007 (for collection in 2008) is \$860,101.20.

The maximum special taxes per unit for 2007 (which are for collection in 2008) are shown in Table IV-1. Beginning in 2002 and each calendar year thereafter, the Maximum Special Taxes for the Series 2006 Refunding Bonds is to be increased by 1.5 percent of the amount from the previous year.

Table IV-1
Maximum Parcel Special Tax Rates
2007 Calendar Year

	2006 Maximum Parcel Special Tax
Single family (per unit)	\$2,389.17
Golf course	\$0.00

(i) Abatement of Special Taxes

The special tax is abated each year so that the amount collected is equal to the special tax requirement. The special tax requirement is, generally, equal to (i) annual debt service, administrative expenses and funds required for replenishment of any required reserve, less (iii) investment income and available capitalized interest.

Special taxes are to be abated from the maximum annual special tax of \$860,101.20 such that the amount to be collected in calendar year 2007 is equal to \$660,000.00.

Table IV-2 in the following page provides a summary of the special tax requirement for calendar year 2007 for the Series 2006 Bonds. Special taxes are to be abated such that the amount to be collected in 2008 is equal to \$660,000.00. The special tax requirement for the Series 2006 Bonds is explained in the following sections.

Table IV-2
Special Tax Requirement for 2007

Debt service:	
Interest payment, September 1, 2008	\$278,866
Interest payment, March 1, 2009	\$278,866
Principal payment, March 1, 2009	\$202,000
Total debt service	\$759,732
Special service area operations	\$26,775
Special reserve fund	\$11,464
Contingency	\$135,176
Sub-total expenses	\$933,147
Reserve fund investment income	(\$40,413)
Surplus from prior year	(\$232,734)
Special tax requirement for calendar year 2007	\$660,000

(ii) Debt Service

The special taxes collected in 2008 will be used to make the payments on the Series 2006 Bonds due on September 1, 2008 and March 1, 2009. The Term 2016 Bonds have been reduced by \$32,000.00 in prepayments and the Term 2030 Bonds have been reduced by \$120,000.00 in prepayments. The outstanding refunding bonds include \$2,403,000.00 in Term 2016 Bonds that have an interest rate of 4.40 percent and \$9,040,000.00 in Term 2030 Bonds that have an interest rate of 5.00 percent. Additional refunding bonds in the amount of \$60,000.00 will be redeemed with special tax prepayments on single-family lots 5 and 53, which were collected in November 2007. To be conservative, however, debt service is calculated based on current outstanding Term 2016 Bonds of \$2,403,000.00 and the current outstanding Term 2030 Bonds of \$9,040,000.00. Accordingly, the interest on the outstanding bonds for each six months is equal to \$278,866.00. There is a principal payment of \$202,000.00 due on March 1, 2009. As a result, total debt service is equal to \$759,732.00.

(iii) Special Service Area Operations

Special service area operations generally include the charges of the trustee, administrator, miscellaneous expenses of the Village and the expenses of the special service area counsel. The annual charge of the trustee is estimated to be \$4,000.00. The annual charge of the administrator is estimated to be \$12,000.00. An additional administrator's charge of \$1,250.00 for annual arbitrage rebate services for the bond year ending March 1, 2008 has been added. Miscellaneous expenses of the Village are estimated to be \$2,550.00. The expenses of the village are estimated to be \$2,950.00, which includes \$1,550.000 for the annual charge of the Village's Auditor. The expenses of the special service area counsel are estimated to be \$3,500.00. Increasing these amounts by two percent for inflation results in total estimated administrative expenses for 2008 of \$26,775.00.

(iii) Special Reserve Fund

The trust indenture requires a special reserve fund for the village to be established and funded with special taxes collected each year. Funds in the special reserve fund shall be used to make special reserve fund credit for any parcel that is prepaid. The special reserve fund credit for each parcel is the difference between (a) the amount of prepayment of special taxes for such parcel made in accordance with the RMA, and (b) the amount of prepayment of the special taxes for such parcel made in accordance with the RMA if the Series 2000A bonds remained outstanding and Series 2006 Bonds were not issued. The special reserve fund requirement for any given year shall not exceed \$50,000.00. The special reserve fund was previously funded on November 1, 2007 with \$11,464.11 and used to redeem bond. Accordingly, an additional \$38,535.89 of calendar year 2006 special taxes will be transferred to the special reserve fund account. As result, special taxes in the amount of \$11,464.11 (\$50,000.00 - \$38,535.89 = \$11,464.11) will be required to fund the special reserve fund for calendar year 2007.

(iv) Reserve Fund

The reserve fund requirement is \$1,023,750.00. As of October 31, 2007, the reserve fund balance was \$1,037,645.56, which included the bond proceeds in the amount of \$1,023,750.00 and interest income of \$13,895.56. A portion of these funds in the amount of \$13,420.44 were transferred into the special redemption account on December 1, 2007 and used to redeem bonds. Bond proceeds in the reserve requirement are invested in a JP Morgan Prime Money Market Fund, which have an estimated earning 4.0 percent per annum. At this interest rate, the estimated annual interest income on these proceeds is \$40,413.18. These funds will be made available to pay debt service in 2008 and 2009.

(v) Contingency

A contingency, equal to approximately seventeen percent of annual expenses, has been added in the event there are unanticipated expenses, special tax delinquencies, or the interest income earned is less than estimated.

(vi) Surplus from Prior Year

Table IV-3 below outlines the surplus from the prior year that may be applied to pay debt service and administrative expenses for calendar year 2007. The special tax requirement for calendar year 2006 was \$660,006.06. Special taxes were due on June 5th and September 5th of 2007. As of December 4, 2007, McHenry County had collected and transferred \$650,915.60 in calendar year 2006 special taxes to the Village of Cary. On November 1, 2007, the Village of Cary transferred \$646,370.10 to the trustee, the village anticipates transferring the remaining balance of \$4,545.50 in December 2007. The village anticipates transferring the uncollected balance of \$9,091.00 to the trustee when collected at tax sale and made available by McHenry County. The tax sale took place on November 28, 2007 and the final distribution of special taxes to the village will take place in January 2007. To be conservative, however, the balance of the calendar year 2006 special taxes collected at tax sale are not included for the purposes of calculating the surplus from the prior year. As of October 31, 2007, the balance in the bond and interest fund was \$179,111.11. A portion of these funds in the amount of \$11,464.11 was transferred to the special redemption account on December 1, 2007 as special reserve fund credit portion of prepayments and used to redeem bond. An additional \$6,068.88 is to be refunded to four homeowners due to overpayment of special taxes. As a result, the balance in the bond and interest account available to be applied for debt service is equal \$161,578.12 ($\$179,111.11 - \$11,464.11 - \$6,068.88 = \$161,578.12$). These funds will be made available to pay debt service on the refunding bonds in the amount of \$529,933.00 on March 1, 2007.

As mentioned above, as of October 31, 2007, the balance in the reserve fund was \$1,037,645.56, which included the reserve requirement of \$1,023,750.00 and interest income of \$13,895.56. A portion of these funds (less the reserve requirement) in the amount of \$13,420.44 was transferred into the special redemption account on December 1, 2007 leaving a balance of \$475.12 ($\$13,895.56 - \$13,420.44 = \475.12). The interest income currently held in the reserve fund together with an additional \$10,103.30 in interest income earned through March 1, 2008 will be made available to pay debt service on March 1, 2008.

Table IV-3
Surplus from Prior Year

Available Funds:	
CY06 special taxes to be transferred in November 2007	\$646,370.10
Amount to be transferred in December 2007	\$4,545.50
Available Bond and Interest Fund	\$161,578.12
Reserve Fund interest income at December 1, 2007	\$475.12
Estimated Reserve Fund interest to March 1, 2008	\$10,103.30
<i>Total Funds Available</i>	\$823,072.14
Debt Service:	

Interest payment, March 1, 2008	(\$346,933.00)
Principal payment, March 1, 2008	(\$183,000.00)
Transfer to Special Reserve Fund	(\$38,535.89)
Transfer to Administrative Expenses Account	(\$21,869.12)
<i>Total Expenses</i>	(\$590,338.01)
Surplus from prior year	(\$232,734.13)

The special reserve fund is required to be funded each year with an amount not to exceed \$50,000.00. The special reserve fund was previously funded on November 1, 2007 with \$11,464.11. Accordingly, an additional \$38,535.89 of calendar year 2006 special taxes will be transferred to the special reserve fund account. As of October 31, 2007, the balance in the administrative expense fund was \$23,953.94. The administrative budget for calendar year 2006 was estimated to be \$26,775.00. As of October 31, 2007, administrative expenses totaling \$4,905.88 have been paid by the trustee. As a result, special taxes collected in 2007 in the amount of \$21,869.12 will be transferred to the administrative expense fund to pay outstanding calendar year 2006 administrative expenses and the balance held as contingency. Accordingly, an estimated aggregate surplus of \$232,734.13 will be available to pay debt service and administrative expenses for calendar year 2007.

C. DELINQUENCY RATES

Special taxes were levied in 2005 for collection in 2006 in the amount of \$780,000, which were due on June 5 and September 5, 2006. As of January 8, 2008, McHenry County reports collecting and transferring to the Village of Cary the special taxes in the amount of \$780,000.00. Of this amount, \$25,504.98 was collected at tax sale, which took place on November 13, 2006. As a result, there were no delinquent special taxes for calendar year 2005.

Special taxes were levied in 2006 for collection in 2007 in the amount of \$660,006. As of January 25, 2008, McHenry County reports collecting and transferring to the Village of Cary the special taxes in the amount of \$660,006.00. Of this amount, \$9,091.00 was collected at tax sale, which took place on November 28, 2007. As a result, there were no delinquent special taxes for calendar year 2006.

Table IV-4 below provides the summary of special tax collection and delinquency history updated from the official statement dated as of July 13, 2006. The table includes the calendar year in which special taxes were levied, the special tax collected and percent delinquent.

Table IV-4
Delinquency History

Fiscal Year	Special Tax Levied	Special Taxes Collected	Percent Collected
2001	\$440,000	\$400,000	100.00%
2002	\$670,001	\$670,001	100.00%
2003	\$759,999	\$759,999	100.00%
2004	\$780,005	\$780,005	100.00%
2005	\$780,000	\$780,000	100.00%
2006	\$660,006	\$660,006	100.00%

D. TAX COLLECTION

Special taxes were levied in 2005 for collection in 2006 in the amount of \$780,000. As of January 8, 2008, McHenry County reports collecting and transferring to the Village of Cary the special taxes in the amount of \$780,000.00, representing 100 percent of special taxes for calendar year 2005.

Special taxes were levied in 2006 for collection in 2007 in the amount of \$660,006. As of January 25, 2008, McHenry County reports collecting and transferring to the Village of Cary the special taxes in the amount of \$660,006.00, representing 100 percent of special taxes for calendar year 2006.

Special taxes were levied in 2007 for collection in 2008 in the amount of \$660,000. The special taxes are due in June and September 2008. As a result, there are no delinquent special taxes for calendar year 2007 at this time.

E. SPECIAL TAX AND DEBT SERVICE COVERAGE

The following debt service schedule is adjusted to reflect the actual debt service and debt service reserve earnings as per the Continuing Disclosure Agreement. The Reserve Fund earnings, trustee and administrative fees, and adjusted debt service for the bond year ending 2007 are actual figures. The maximum special taxes are based on 370 single-family parcels. Debt service reflects an additional \$152,000 in Series 2006 Refunding Bonds redeemed with prepayments through December 31, 2007. As of December 31, 2007, the outstanding Series 2006 Refunding Bonds are equal to \$11,443,000.

Table IV-5
Special Tax and Debt Service Coverage

Bond Year Ending	Debt Service	Estimated Trustee and Administrative Fees	Estimated Reserve Fund Earnings	Projected Adjusted Debt Service	Maximum Special Tax	Projected Debt Service Coverage
2007	\$346,933	\$14,817	(\$30,659)	\$331,091	\$841,826	2.54
2008	\$740,732	\$20,300	(\$30,713)	\$730,319	\$847,392	1.16
2009	\$751,680	\$20,605	(\$30,713)	\$741,572	\$860,102	1.16
2010	\$762,792	\$20,914	(\$30,713)	\$752,993	\$873,004	1.16
2011	\$773,024	\$21,227	(\$30,713)	\$763,538	\$886,099	1.16
2012	\$781,376	\$21,546	(\$30,713)	\$772,209	\$899,391	1.16
2013	\$794,892	\$21,869	(\$30,713)	\$786,048	\$912,881	1.16
2014	\$807,308	\$22,197	(\$30,713)	\$798,792	\$926,575	1.16
2015	\$817,624	\$22,530	(\$30,713)	\$809,441	\$940,473	1.16
2016	\$827,884	\$22,868	(\$30,713)	\$820,039	\$954,580	1.16
2017	\$842,000	\$23,211	(\$30,713)	\$834,498	\$968,899	1.16
2018	\$851,500	\$23,559	(\$30,713)	\$844,346	\$983,433	1.16
2019	\$865,550	\$23,912	(\$30,713)	\$858,749	\$998,184	1.16
2020	\$877,850	\$24,271	(\$30,713)	\$871,408	\$1,013,157	1.16
2021	\$892,400	\$24,635	(\$30,713)	\$886,322	\$1,028,354	1.16
2022	\$905,000	\$25,005	(\$30,713)	\$899,292	\$1,043,779	1.16
2023	\$916,650	\$25,380	(\$30,713)	\$911,317	\$1,059,436	1.16
2024	\$926,300	\$25,760	(\$30,713)	\$921,347	\$1,075,328	1.17
2025	\$942,950	\$26,147	(\$30,713)	\$938,384	\$1,091,458	1.16
2026	\$952,150	\$26,539	(\$30,713)	\$947,976	\$1,107,829	1.17

VILLAGE OF CARY ORGANIZATIONAL CHART

Certificate of Achievement for Excellence in Financial Reporting

Presented to

Village of Cary
Illinois

For its Comprehensive Annual
Financial Report
for the Fiscal Year Ended
April 30, 2006

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

President

Executive Director

July 25, 2007

To The Citizens of the Village of Cary:

The Comprehensive Annual Financial Report (CAFR) for the Village of Cary, for the year ending April 30, 2007, is hereby submitted. The CAFR is the management's annual report to its taxpayers, governing board, oversight bodies, investors and creditors.

The Village Administrator is responsible for all financial transactions for the Village of Cary and for the contents of this Comprehensive Annual Financial Report. I believe the data, as presented, is accurate in all material aspects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds of the Village. All disclosures necessary to enable the reader to gain an understanding of the Village of Cary's financial activities have been included.

GAAP requires that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and is meant to be read in conjunction with it. The Village's MD&A can be found immediately following the report of the independent auditors.

State statutes require an annual audit by independent Certified Public Accountants. The Village of Cary selected the accounting firm of Lauterbach & Amen, LLP to conduct the annual audit. The auditor's report on the basic financial statements and combining and individual fund statements and schedules is included in the financial section of this report.

ECONOMIC CONDITION AND OUTLOOK

Local Economy

The Village of Cary was incorporated in 1897. The Village is a non-home rule community governed by a Mayor and a six member Board of Trustees, elected for overlapping four-year terms. The Board appoints a Village Administrator, Attorney, Engineer, Finance Director, Building Planning and Zoning Director, Police Chief, and Public Works Director.

The Village of Cary is located in McHenry County, Illinois and lies approximately 42 miles northwest of the City of Chicago. The Village of Cary covers an area of approximately 7 square miles.

Located within commuting distance of Chicago and its suburbs, the Village of Cary has experienced growth in taxable valuation with new residential, industrial and commercial construction. According to the 2000 Census, the Village of Cary had a median family income of \$82,568. This compares to \$71,553 for McHenry County and \$55,545 for the State of Illinois. The Village anticipates a significant increase in median family income when the next decennial census is complete.

The Village maintains a favorable financial position with adequate fund balances in relation to revenue.

Data Regarding Major Industry Affecting the Local Economy

Several large employers are located in the Village of Cary. Sage Products currently employs approximately 700 people and is a developer and manufacturer of innovative medical and healthcare products used by professional and retail consumers throughout the world. Seaquist Perfect Dispensing, a manufacturer of aerosol valves and non-aerosol pumps, has an approximate employment of 390. True Value, a manufacturer of paints, brushes, varnishes and enamels, has an approximate employment of 175. Durex International, a manufacturer of electric heaters and temperature sensors, has an approximate employment of 150. Most of the workforce residing within the Village of Cary commutes to the surrounding suburbs and Chicago.

Unemployment rates are not regularly available for the Village of Cary. Unemployment rates for McHenry County are historically lower than the unemployment rates for the State of Illinois.

Future Economic Outlook

The residential component of the West Lake subdivision, approximately 225 town homes, with a commercial component will add some additional economic growth and take advantage of the heavily traveled Three Oaks Road/Route 14 intersection. A new 19,000 square foot grocery store has been approved by the Village Board and is under development in the Three Oaks Corridor. Other commercial projects in the Three Oaks Road area are either under construction or are in the planning stages.

Development plans for the Route 14 eastern entrance corridor, located within a Tax Increment Financing district, are becoming more active as the Village Officials look to ultimately turn a blighted area that provides little economic value presently, into a vital and attractive entrance into Cary. A developer is currently purchasing adjoining properties with the intent of redeveloping current underutilized land into a vibrant 30,000 square foot commercial area. New industrial buildings are also currently under construction, helping to add jobs and further diversifying the Village's tax base. In addition, the Village is currently seeing the construction and completion of over 20,000 square feet of office space which will add to our efforts to diversify the Village's tax base. Finally, a new full service restaurant is moving toward completion. This too will add to the diversification of the tax base.

MAJOR INITIATIVES

For the Year

The Village recently completed a huge multi-year infrastructure improvement project in the Maplewood school neighborhood (Krenz Subdivision). Major infrastructure projects were also undertaken on Alma and Sandra in the Sun Valley Subdivision.

This year also saw substantial steps towards the completion of the sanitary sewer system in the Weaver Subdivision and Hill Hurst Subdivision.

For the Future

In Fiscal 2007 the Village will continue its aggressive policy toward infrastructure improvement projects. Major infrastructure improvement projects include the following:

1. Building the Feinberg Drive roadway extension;
2. Completion of engineering for Silver Lake/Cary Algonquin Road intersection improvements;
3. Rebuilding the deteriorating retaining walls on Three Oaks Road and Route 14;
4. Complete the annual Motor Fuel Tax Street Maintenance program;
5. Improvement of water and sewer lines in the community; and
6. A significant sidewalk repair and replacement project.

AWARDS

The Government Finance Officers Association (GFOA) awards a Certificate of Achievement for Excellence in Financial Reporting. I am pleased to say that the GFOA awarded its Certificate of Achievement for Excellence in Financial Reporting to the Village of Cary for its Comprehensive Annual Financial Report (CAFR) for the Fiscal Years Ended April 30, 1999 through 2006. Our current Comprehensive Annual Financial Report should also meet the Certificate of Achievement Program's requirements for the award.

ACKNOWLEDGMENTS

The preparation of the Comprehensive Annual Financial Report on a timely basis was made possible by the dedicated services of the entire staff of the Finance Department. The members of the Finance Department Donna McCarty, Rhonda Williams, and Donna Berry, have the Village's gratitude for their contributions made in the preparation of this report. In addition, the Village of Cary wishes to recognize the staff of the firm of Lauterbach & Amen LLP, the Village of Cary auditors, and in particular, Ron Amen, Sherry Lauterbach, Dell Duckworth-Behm, and Jamie Wilkey. Their professionalism and cooperation are greatly appreciated by the Village of Cary and in particular by the staff of the Finance Department. The dedication of the Village of Cary staff, in cooperation with the staff of Lauterbach & Amen, provided the cooperative working relationship necessary for the completion of this document.

In closing, I would like to thank the Mayor and Village Board of Trustees for their significant interest and support in planning and conducting the financial operations of the Village of Cary in a responsible and conservative manner. Without their leadership and ongoing support, preparation of this report would not have been possible.

Respectfully,

A handwritten signature in black ink that reads "Cameron Davis". The signature is written in a cursive, flowing style.

INDEPENDENT AUDITORS' REPORT

This section includes the opinion of the Village's independent auditing firm.

INDEPENDENT AUDITORS' REPORT

July 25, 2007

Honorable Mayor Steve Lamal
Members of the Board of Trustees
Village of Cary, Illinois

We have audited the accompanying basic financial statements of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of the Village of Cary, Illinois as of and for the year ended April 30, 2007, which collectively comprise the Village's basic financial statements as listed in the table of contents. These basic financial statements are the responsibility of the Village of Cary, Illinois' management. Our responsibility is to express opinions on these financial statements based on our audit.

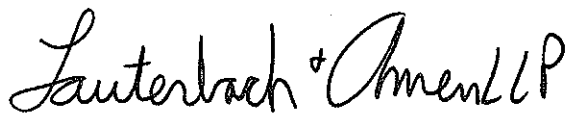

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Village of Cary, Illinois as of April 30, 2007, and the respective changes in financial position and cash flows, where applicable, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The combining and individual fund schedules, as well as the information listed as supplemental and schedules, are presented for purposes of additional analysis and are not a required part of the basic financial statements of the Village of Cary, Illinois. Such information, except for that portion marked "unaudited" on which we express no opinion, has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is presented fairly, in all material respects, in relation to the basic financial statements taken as a whole.

The Management's Discussion and Analysis and the other required supplementary information listed in the accompanying table of contents are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted primarily of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

The introductory and statistical information listed in the table of contents was not audited by us and, accordingly, we do not express an opinion thereon.

A handwritten signature in cursive script that reads "Lauterbach & Amen LLP".

LAUTERBACH & AMEN, LLP

MANAGEMENT'S DISCUSSION AND ANALYSIS

VILLAGE OF CARY, ILLINOIS

Management's Discussion and Analysis April 30, 2007

Our discussion and analysis of the Village of Cary's financial performance provides an overview of the Village of Cary's financial activities for the fiscal year ended April 30, 2007. Please read it in conjunction with the transmittal letter on page iv and the Village of Cary's financial statements, which begin on page 17.

FINANCIAL HIGHLIGHTS

- The Village of Cary's net assets decreased by \$873,979 or 2.3 percent as a result of this year's operations. Net assets of governmental activities decreased by \$576,278, or 3.2 percent, and net assets of the business-type activities decreased by \$297,701, or 1.5 percent.
- During the year, expenses were \$576,278 more than the \$9 million generated in tax and other revenues for governmental programs (before transfers).
- Revenues for business-type activities totaled \$4.1 million while expenses totaled \$4.4 million.
- The General Fund reported a decrease in fund balance of \$1,136,400 due to capital improvements in the current year.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Assets and the Statement of Activities (on pages 17 - 20) provide information about the activities of the Village of Cary as a whole and present a longer-term view of the Village of Cary's finances. Fund financial statements begin on page 21. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the Village of Cary's operations in more detail than the government-wide statements by providing information about the Village of Cary's most significant funds. The remaining statements provide financial information about activities for which the Village of Cary acts solely as a trustee or agent for the benefit of those outside of the government.

VILLAGE OF CARY, ILLINOIS

Management's Discussion and Analysis

April 30, 2007

USING THIS ANNUAL REPORT - Continued

Government-Wide Financial Statements

The government-wide financial statements provide readers with a broad overview of the Village of Cary finances, in a matter similar to a private-sector business. The government wide financial statements can be found on pages 17 - 20 of this report.

The Statement of Net Assets reports information on all of the Village of Cary assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the Village of Cary is improving or deteriorating. Consideration of other nonfinancial factors, such as changes in the Village of Cary property tax base and the condition of the Village of Cary's roads, is needed to assess the overall health of the Village of Cary.

The Statement of Activities presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the Village of Cary that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the Village of Cary include general government, public safety, and highways and streets. The business-type activities of the Village of Cary include water and sanitation and parking operations.

The Village of Cary includes one separate legal entity in its report, the Cary Police Pension Fund. Although legally separate, this "component unit" is important because the Village of Cary is financially accountable for it. Financial information for the component unit is reported separately from the financial information presented for the primary government itself.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Village of Cary, like other local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Village of Cary can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

VILLAGE OF CARY, ILLINOIS

Management's Discussion and Analysis April 30, 2007

USING THIS ANNUAL REPORT - Continued

Fund Financial Statements - Continued

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the Village of Cary's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate the comparison between governmental funds and governmental activities.

The Village of Cary maintains nine individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Infrastructure Capital Improvements Fund, Other Capital Projects Fund, Special Service Area #1 Fund, and the Special Service Area #2 Fund, all of which are considered major funds. Data from the other four governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The Village of Cary adopts an annual appropriated budget for all of the governmental funds. A budgetary comparison statement for these funds has been provided to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 21 - 26 of this report.

Proprietary Funds

The Village of Cary maintains two proprietary funds, both of which are enterprise funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The Village of Cary utilizes enterprise funds to account for its water and sanitation, and commuter parking operations.

VILLAGE OF CARY, ILLINOIS

Management's Discussion and Analysis April 30, 2007

USING THIS ANNUAL REPORT - Continued

Fund Financial Statements - Continued

Proprietary Funds – Continued

Proprietary fund financial statements provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Water and Sanitation Fund, considered a major fund, and for the Parking Fund, considered a non-major fund of the Village of Cary.

The basic proprietary fund financial statements can be found on pages 27 - 30 of this report.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Village of Cary own programs. The accounting use for fiduciary funds is much like that used for proprietary funds. The basic fiduciary fund financial statements can be found on pages 31 - 32 of this report.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 33 - 64 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the Village of Cary I.M.R.F. and police employee pension obligations. Required supplementary information can be found on pages 65 - 69 of this report. The combining statements referred to earlier in connection with non-major governmental funds and internal service funds are presented immediately following the required supplementary information on pensions. Combining and individual fund statements and schedules can be found on pages 70 - 104 of this report.

VILLAGE OF CARY, ILLINOIS

Management's Discussion and Analysis April 30, 2007

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net assets may serve over time as a useful indicator of a government's financial position. The following tables show that in the case of the Village of Cary, assets exceeded liabilities by \$36.7 million at April 30, 2007, slightly decreasing from the previous year.

	Net Assets					
	Governmental Activities		Business-Type Activities		Totals	
	2007	2006	2007	2006	2007	2006
Current and Other Assets	\$ 11,958,180	14,259,860	13,732,685	14,543,327	25,690,865	28,803,187
Capital Assets	9,086,901	7,345,636	19,358,977	19,767,783	28,445,878	27,113,419
Total Assets	21,045,081	21,605,496	33,091,662	34,311,110	54,136,743	55,916,606
Long-Term Debt Outstanding	3,503,978	357,365	11,371,609	12,132,117	14,875,587	12,489,482
Other Liabilities	431,994	3,562,744	2,169,522	2,330,761	2,601,516	5,893,505
Total Liabilities	3,935,972	3,920,109	13,541,131	14,462,878	17,477,103	18,382,987
Net Assets						
Invested in Capital Assets, Net of Debt	9,086,901	7,345,636	7,397,329	7,081,773	16,484,230	14,427,409
Restricted	842,230	1,035,479	2,365,000	2,365,000	3,207,230	3,400,479
Unrestricted (Deficit)	7,179,978	9,304,272	9,788,202	10,401,459	16,968,180	19,705,731
Total Net Assets	17,109,109	17,685,387	19,550,531	19,848,232	36,659,640	37,533,619

Total assets for the Village of Cary are almost equally distributed between capital assets and current and other assets. The Village of Cary uses these capital assets to provide services to Cary residents; consequently, these assets are not available for future spending. Although the Village of Cary's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Approximately 45 percent of the Village of Cary's net assets reflect investment in capital assets. Nine percent of the Village of Cary's net assets represent resources that are subject to external restrictions on how they may be used. The remaining 46 percent, or \$17.0 million, represents unrestricted net assets that may be used to meet the government's ongoing obligations to citizens and creditors.

VILLAGE OF CARY, ILLINOIS

Management's Discussion and Analysis April 30, 2007

GOVERNMENT-WIDE FINANCIAL ANALYSIS – Continued

Net assets of the Village of Cary governmental activities changed just slightly from fiscal year 2006 to fiscal year 2007 (\$17.7 million in 2006 to \$17.1 million in 2007). Unrestricted net assets, the part of net assets that can be used to finance day-to-day operations without constraints total \$7.2 million.

Net assets of business-type activities decreased by 1.5 percent (\$19.8 million in 2006 compared to \$19.6 million in 2007). The Village of Cary generally can only use these net assets to finance the continuing operations of the water and sanitation and parking operations.

Total revenues were \$13,184,099, while expenses for the year totaled \$14,058,078.

Governmental Activities

Program Revenues for governmental activities totaled \$9.1 million, while program expenses totaled \$9.7 million.

The following are the areas of significant changes in revenue and expenses:

- Police Department Court Fines decreased by 35% from \$571,115 to \$421,281.
- Property tax receipts increased by approximately 20% from \$1,887,140 to \$2,273,191. Based on increases in the total assessed valuation, property tax revenues are budgeted to increase by approximately \$100,000 next fiscal year.
- General Fund Intergovernmental revenue, comprised of State Income Tax, Personal Property Replacement Tax, Local Use Tax & Grants increased by 12% from \$1.6 million in fiscal 2006 to \$1.8 million in fiscal 2007.
- Most departments' actual expenses came in under budget. The largest favorable variances occurred in the Infrastructure Capital Projects Fund of \$1,136,055 due to lower road project costs and the Other Capital Projects Fund of \$1,734,573 due to construction projects being delayed into the next fiscal year.

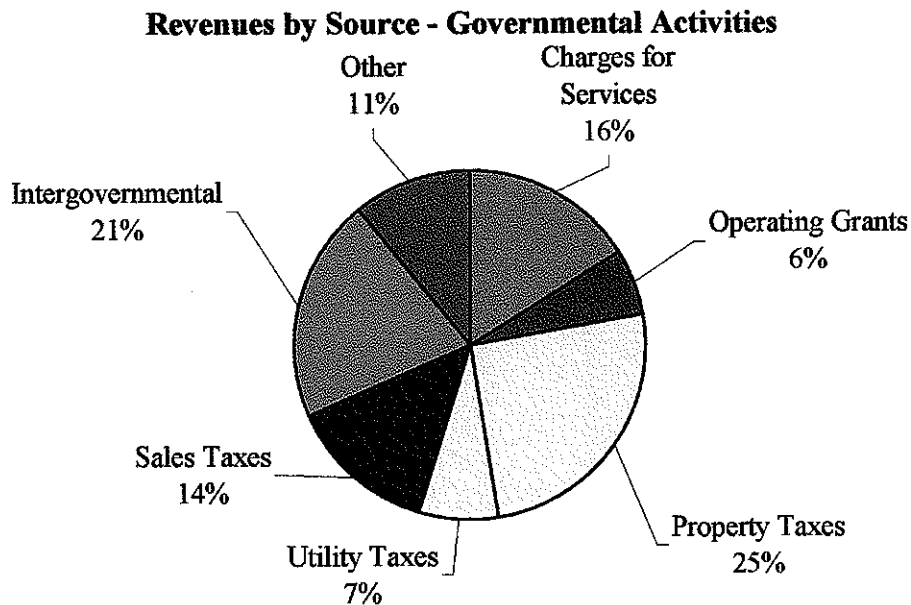

VILLAGE OF CARY, ILLINOIS

Management's Discussion and Analysis April 30, 2007

GOVERNMENT-WIDE FINANCIAL ANALYSIS – Continued

Governmental Activities – Continued

The following table graphically depicts the major revenue sources of the Village of Cary. It depicts very clearly the reliance on property taxes to fund governmental activities. It also identifies Charges for Services as another area of strong revenue production. The remaining revenue sources indicate that the combined Sales Tax and Utility Taxes are growing in financial importance. Sales Taxes are on the upswing! Recent additions to the retail landscape in Cary include Jimmy Johns and Dunkin Donuts in the expanded Cary Square shopping center. A new restaurant, grocery store and other retail sales tax generating businesses are expected in the next fiscal year.

The 'Expenses and Program Revenues' Table on the following page identifies those governmental functions where program expenses greatly exceed revenues. Public Safety (Police) provides for the common good of the residents of Cary, and with the exception of Court Fines, which continue to diminish, offers no additional revenue sources. Highways and Streets (Public Works) operates to maintain the infrastructures of Cary and does not offer significant revenue producing programs.

VILLAGE OF CARY, ILLINOIS

Management's Discussion and Analysis April 30, 2007

GOVERNMENT-WIDE FINANCIAL ANALYSIS – Continued

Governmental Activities – Continued

Business-Type Activities

Program and General Revenues of the Village's business-type activities totaled \$4,105,918 and program expenses totaled \$4,403,619.

The water and sanitation system showed relatively even revenue and expenses when compared to the prior year. Water and sanitation charges for services showed a slight decrease from \$3,882,084 during fiscal 2006 to \$3,273,170 during fiscal 2007. Water meter sales showed a significant decrease from \$23,945 in fiscal 2006 to \$11,764 in fiscal 2007. The water meter sale decrease is attributable to the slowing of residential development.

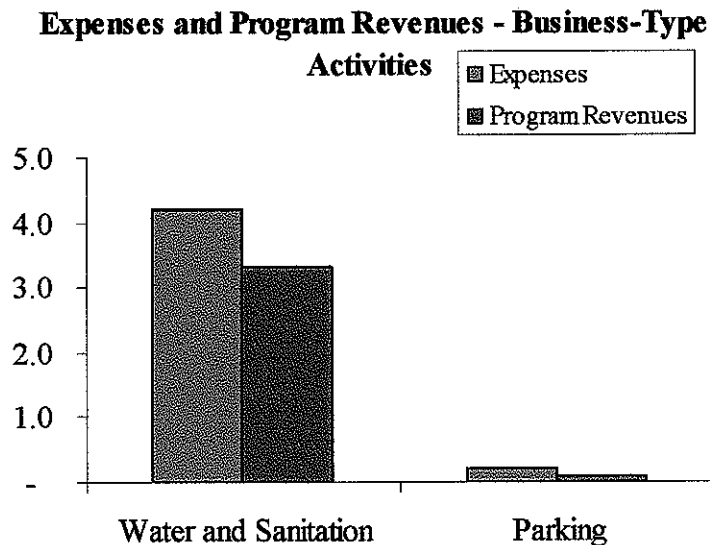

The Parking Fund, which accounts for the commuter parking lots, shows a slight increase in operating income when compared to fiscal 2006. The Parking lot fees for 2007 were \$153,588 compared to \$148,048 for fiscal 2006 and the expenses were \$230,806 for fiscal 2007 compared to \$131,580 for fiscal year 2006. Major repaving and repair work in the commuter parking lots are the reason the fund's expenses are outpacing revenues. This same scenario is planned to occur in the next fiscal year.

VILLAGE OF CARY, ILLINOIS

Management's Discussion and Analysis April 30, 2007

GOVERNMENT-WIDE FINANCIAL ANALYSIS – Continued

Business-Type Activities – Continued

The above graph compares program revenues to expenses for water and sanitation operations, and parking operations. The Water & Sanitation operation generated a loss of \$252,238 and the Parking Fund generated a slight loss of \$45,463 before administrative transfers.

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the Village of Cary uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds

The focus of the Village's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the governmental funds reported combined ending fund balances of \$8,492,249, a decrease of \$2,240,449 over the prior year fund balance of \$10,732,698.

The major Governmental changes in fund balances were as follows:

VILLAGE OF CARY, ILLINOIS

Management's Discussion and Analysis April 30, 2007

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS – Continued

Governmental Funds – Continued

The General Fund reported a surplus of \$1,043,600 before administrative transfers. The projected expenses for the General Fund were 6.6% less than budgeted for this fiscal year 2007.

The Infrastructure Capital Improvement Fund reported a deficit of \$811,670 before administrative transfers. This deficit is planned as the Village continues the final phases of its aggressive neighborhood improvement programs.

The Other Capital Projects Fund reported a deficit of \$253,879 before administrative transfers due to Annexation fees not reaching the projected budget for Fiscal 2007.

The Special Service Area #1 Fund reported a deficit of \$1,483,305, due to capital projects expenditures.

The Special Service Area #2 reported a deficit of \$731,839 due to the transferring of funds to the Special Service Area #2 agency fund to support future debt service requirements.

Motor Fuel Tax funds, provided by the State, can only be used to replace, maintain, or improve the Village's roads. This year \$117,418 of these resources went into the completion of the Sunset & Crest project. Another \$413,000 went into the annual Street Maintenance program.

Proprietary funds

The Village of Cary's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

The Village reports the Water and Sanitation Fund as a major proprietary fund. This fund accounts for all of the operations of the municipal water and sewer system. Water is pumped from nine Village owned and operated municipal wells. Water is sold to all municipal customers at a rate of \$3.43 per thousand gallons. In addition, municipal customers are charged \$2.37 per thousand gallons of water usage for the maintenance of the Village-wide sewerage system.

The Village intends to run the Water & Sanitation fund at a breakeven rate. However, there was a deficit during the current fiscal year of \$252,238, mainly due to a \$285,790 decrease in charges for services in the current year. In other words, less water was sold in FY 2007 vs. what was sold in FY 2006.

The Village also operates the commuter parking lots which provide approximately 616 parking spaces for residents of Cary and surrounding communities who utilize Metra to commute to the City of Chicago and other points in between. These lots produced a slight planned loss of \$45,463.

VILLAGE OF CARY, ILLINOIS

Management's Discussion and Analysis April 30, 2007

GENERAL FUND BUDGETARY HIGHLIGHTS

The Village Board does not make changes to the budget once it is approved. The Village Board traditionally passes the appropriations ordinance in the first quarter of the fiscal year as required by law. If necessary, the Village Board would change line item appropriations where necessary. At April 30, 2007 original and final budgeted revenues for the General Fund totaled \$6,792,047, while actual revenues totaled \$7,429,387, due in large part to interest income being significantly over budget. Original and final budgeted expenditures for the General Fund totaled \$6,837,047, while actual expenditures totaled \$6,385,787, due to the General Government and Highways and Streets functions coming in under budget for the year.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The Village of Cary investment in capital assets for its governmental and business type activities as of April 30, 2007 was \$28.45 million (net of accumulated depreciation). This investment in capital assets includes land, buildings and improvements, land improvements, vehicles, machinery and equipment, and infrastructure. The total increase in the Village of Cary investment in capital assets for the current fiscal year was approximately \$1.33 million, or a 4.92 percent increase over the prior year.

	Capital Assets, Net of Depreciation (in Millions)					
	Governmental Activities		Business-Type Activities		Totals	
	2007	2006	2007	2006	2007	2006

Total	9.09	7.35	19.36	19.77	28.45	27.12

This year's major additions included:

Water Main Replacement in Krenz Subdivision	\$ 280,054
Replace Streets in Maplewood area (Krenz Subdivision) funded through Infrastructure Capital Improvements	1,966,362

VILLAGE OF CARY, ILLINOIS

Management's Discussion and Analysis April 30, 2007

CAPITAL ASSETS AND DEBT ADMINISTRATION – Continued

Capital Assets - Continued

The fiscal year 2008 capital budget includes \$4.2 million for capital projects, principally for completion of reconstruction projects throughout the Village. Some of the specific projects include; 3 Oaks/Silver Lake Intersection Improvement Planning, Village Hall Improvements, 3 Oaks and Route 14 Retaining Wall Replacement, Sanitary Sewer Improvements on Margaret Terrace, East Main Street water and sewer improvements, Water Main improvements on Oriole, Commuter Parking Lot improvements, completion of the Feinberg Drive extension and the annual MFT Street Maintenance program. The Village has no immediate plans to issue additional debt; rather, resources on hand in the Infrastructure Capital Improvements Funds, Motor Fuel Tax Funds and Electric Utility Taxes will continue to fund these types of roadwork projects. The Annexation & Equipment Fund will be used to finance other non-infrastructure projects and purchases. Additional information on the Village of Cary capital assets can be found in note 3 on pages 50 - 51 of this report.

Debt Administration

At year-end, the Village of Cary had total outstanding bonded debt of \$12.8 million. The following is a chart indicating that all of the outstanding debt is within the business-type activities category (water and sewer systems):

	Revenue Bonds Outstanding (in Millions)					
	Governmental		Business-type		Total	
	Activities		Activities			
	2007	2006	2007	2006	2007	2006
Revenues Bonds and Notes	\$ -	-	12.8	13.6	12.8	13.6

The Village of Cary obtained an A1 rating from Moody's for the 2005 Waterworks and Sewerage Revenue Refunding bonds. Additional information on the Village of Cary long-term debt can be found in Note 3 on pages 53 - 58 of this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

The Village's elected and appointed officials considered many factors when setting the fiscal year 2008 budget, tax rates, and fees that will be charged for its governmental and business-type activities.

The Consumer Price Index (CPI) used to determine the extension limit under the Property Tax Extension Limitation Law for the 2006 extension (taxes collected in 2007) was 4.2 percent. With an increase in the assessed valuation, and the capture of revenues from new development projects, the Village of Cary expects to see property tax revenue increase approximately 6.2 percent.

VILLAGE OF CARY, ILLINOIS

Management's Discussion and Analysis April 30, 2007

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES – Continued

- It is anticipated that the Village's contribution for IRMA insurance will increase.

The Village Board adopted a General Fund budget for Fiscal 2008 of \$6,842,447 budgeted for both revenues and expenditures. This represents a budgeted 1.03 percent increase in both revenue and expenditures.

Overall, the adopted Fiscal 2008 budget has estimated revenues of \$13.28 million and estimated expenditures of \$18.99 million when all funds are combined.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the Village of Cary finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional information should be directed to the Village Administrator, Village of Cary, 655 Village Hall Dr., Village of Cary, Illinois, 60013.

BASIC FINANCIAL STATEMENTS

The basic financial Statements include integrated sets of financial statements as required by the GASB. The sets of statements include:

- Government-wide Financial Statements
- Fund Financial Statements
 - Governmental Funds
 - Proprietary Funds
 - Fiduciary Funds

In addition, the notes to the financial statements are included to provide information that is essential to a user's understanding of the basic financial statements.

VILLAGE OF CARY, ILLINOIS

**Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances
to the Statement of Activities - Governmental Activities**

Year Ended April 30, 2007

Net Change in Fund Balances - Total Governmental Funds	\$ (2,240,449)
---	-----------------------

Amounts reported for governmental activities in the Statement of Activities
are different because:

Governmental funds report capital outlays as expenditures. However, in the
Statement of Activities the cost of those assets is allocated over their estimated
useful lives and reported as depreciation expense.

Capital Outlays	2,087,025
Depreciation Expense	(345,760)

The issuance of long-term debt provides current financial resources to
governmental funds, while the repayment of the principal on long-term
debt consumes the current financial resources of the governmental funds.

Additions to Net Pension Obligation	(64,769)
Additions of Compensated Absences Payable	<u>(12,325)</u>

Changes in Net Assets of Governmental Activities	<u>(576,278)</u>
---	-------------------------

VILLAGE OF CARY, ILLINOIS

Notes to the Financial Statements April 30, 2007

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Village of Cary, Illinois, incorporated in 1897, is a municipal corporation governed by an elected president and six-member Board of Trustees. The Village's major operations include police safety, highway and street maintenance and reconstruction, forestry, building code enforcement, public improvements, economic development, planning and zoning, water, sanitation and parking services, and general administrative services.

The government-wide financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). Governments are also required to follow the pronouncements of the Financial Accounting Standards Board (FASB) issued through November 30, 1989 (when applicable) that do not conflict with or contradict GASB Pronouncements. Although the Village has the option to apply FASB pronouncements issued after that date to its business-type activities and enterprise funds, the Village has chosen not to do so. The more significant of the Village's accounting policies established in GAAP and used by the Village are described below.

REPORTING ENTITY

The Village's financial reporting entity comprises the following:

Primary Government:	Village of Cary
Blended Component Unit:	Police Pension Employees Retirement System

In determining the financial reporting entity, the Village complies with the provisions of GASB Statement No. 14, "The Financial Reporting Entity," and includes all component units that have a significant operational or financial relationship with the Village.

Blended Component Units - Blended component units are separate legal entities that meet the component unit criteria described above and whose governing body is the same or substantially the same as the Village Board or the Component unit provides services entirely to the Village. These component units' funds are blended into those of the Village's by appropriate activity type to compose the primary government presentation.

VILLAGE OF CARY, ILLINOIS

Notes to the Financial Statements April 30, 2007

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

REPORTING ENTITY – Continued

Blended Component Unit

Police Pension Employees Retirement System

The Village's sworn police employees participate in the Police Pension Employees Retirement System (PPERS). PPERS functions for the benefit of these employees and is governed by a five-member pension board. Two members appointed by the Village's President, one elected pension beneficiary and two elected police employees constitute the pension board. The participants are required to contribute a percentage of salary as established by state statute and the Village is obligated to fund all remaining PPERS costs based upon actuarial valuations. The State of Illinois is authorized to establish benefit levels and the Village is authorized to approve the actuarial assumptions used in the determination of contribution levels. Although it is legally separate from the Village, the PPERS is reported as if it were part of the primary government because its sole purpose is to provide retirement benefits for the Village's police employees. The PPERS is reported as a pension trust fund.

BASIS OF PRESENTATION

Government-Wide Statements

The Village's basic financial statements include both government-wide (reporting the Village as a whole) and fund financial statements (reporting the Village's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business type. The Village's police, highway and street maintenance and reconstruction, forestry, building code enforcement, public improvements, economic development, planning and zoning, and general administrative services are classified as governmental activities. The Village's water, sanitation and parking services are classified as business-type activities.

In the government-wide Statement of Net Assets, both the governmental and business-type activities columns are: (a) presented on a consolidated basis by column, and (b) reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The Village's net assets are reported in three parts: invested in capital assets, net of related debt; restricted net assets; and unrestricted net assets. The Village first utilizes restricted resources to finance qualifying activities.

VILLAGE OF CARY, ILLINOIS

Notes to the Financial Statements April 30, 2007

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

BASIS OF PRESENTATION – Continued

Government-Wide Statements – Continued

The government-wide Statement of Activities reports both the gross and net cost of each of the Village's functions and business-type activities (general government, public safety, streets and roads, etc.) The functions are supported by general government revenues (property, sales and use taxes, certain intergovernmental revenues, fines, permits and charges, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function (general government, public safety, public works, etc.) or a business-type activity. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

The net costs (by function or business-type activity) are normally covered by general revenue (property tax, sales tax, intergovernmental revenues, interest income, etc).

The Village does not allocate indirect costs. An administrative service fee is charged by the General Fund to the other operating funds that is eliminated like a reimbursement (reducing the revenue and expense in the General Fund) to recover the direct costs of General Fund services provided (finance, personnel, purchasing, legal, technology management, etc.).

This government-wide focus is more on the sustainability of the Village as an entity and the change in the Village's net assets resulting from the current year's activities.

Fund Financial Statements

The financial transactions of the Village are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, liabilities, reserves, fund equity, revenues and expenditures/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories. Nonmajor funds by category are summarized into a single column. GASB Statement No. 34 sets forth minimum criteria (percentage of the assets, liabilities, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. The Village electively added funds, as major funds, which either had debt outstanding or specific community focus. The nonmajor funds are combined in a column in the fund financial statements. A fund is considered major if it is the primary operating fund of the Village or meets the following criteria:

Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type; and

VILLAGE OF CARY, ILLINOIS

Notes to the Financial Statements April 30, 2007

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

BASIS OF PRESENTATION – Continued

Fund Financial Statements – Continued

Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental fund or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

The various funds are reported by generic classification within the financial statements. The following fund types are used by the Village:

Governmental Funds

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the Village:

General fund is the general operating fund of the Village. It is used to account for all financial resources except those required to be accounted for in another fund. The General Fund is a major fund.

Capital projects funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by business-type/proprietary funds). The Village maintains four major capital projects funds, the Infrastructure Capital Improvements, Other Capital Projects, Special Service Area #1, and Special Service Area #2 Funds. The Infrastructure Capital Improvements Fund is used to account for the acquisition and improvements of Village infrastructure. The Other Capital Projects Fund is used to account for the acquisition and improvement of Village property including general capital assets. The Special Service Area #1 Fund is used to account for a portion of the infrastructure costs for the Cambria subdivision. The Special Service Area #2 Fund is used to account for a portion of the infrastructure costs for the Foxford Hills subdivision. The Village also maintains two nonmajor capital project funds – the TIF Capital Project Fund and the Route 14 Redevelopment Capital Project Fund.

Permanent funds are used to report resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support the Village's programs. The Village maintains two nonmajor permanent funds.

Proprietary Funds

The focus of proprietary fund measurement is upon determination of operating income, changes in net assets, financial position, and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. The following is a description of the proprietary fund of the Village:

VILLAGE OF CARY, ILLINOIS

Notes to the Financial Statements April 30, 2007

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

BASIS OF PRESENTATION – Continued

Fund Financial Statements – Continued

Proprietary Funds – Continued

Enterprise funds are required to account for operations for which a fee is charged to external users for goods or services and the activity (a) is financed with debt that is solely secured by a pledge of the net revenues, (b) has third party requirements that the cost of providing services, including capital costs, be recovered with fees and charges or (c) establishes fees and charges based on a pricing policy designed to recover similar costs.

The Village maintains one major enterprise fund, the Water and Sanitation Fund which is used to account for the provision of potable water and wastewater treatment services to the residents of the Village. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations and maintenance, financing and related debt service, billing and collection. The Village also maintains one nonmajor enterprise fund the Parking Fund.

Fiduciary Funds

Fiduciary funds are used to report assets held in a trustee or agency capacity for others and therefore are not available to support Village programs. The reporting focus is on net assets and changes in net assets and is reported using accounting principles similar to proprietary funds.

Pension trust funds are used to account for assets held in a trustee capacity for pension benefit payments. The Police Pension Fund accounts for the accumulation of resources to be used for disability and retirement annuity payments to employees covered by the plan.

Agency funds are used to account for assets held by the Village in a purely custodial capacity. The Special Service Area #1 Fund is used to account for the collection of property taxes within special service area #1 and payments of related special service area debt. The Special Service Area #2 Fund is used to account for the collection of property taxes within special service area #2 and payment of related special service area debt.

The Village's fiduciary funds are presented in the fiduciary fund financial statements by type (pension trust and agency). Since by definition these assets are being held for the benefit of a third party (other local governments, private parties, pension participants, etc.) and cannot be used to address activities or obligations of the Village, these funds are not incorporated into the government-wide statements.

VILLAGE OF CARY, ILLINOIS

Notes to the Financial Statements April 30, 2007

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement Focus

Measurement focus is a term used to describe “which” transactions are recorded within the various financial statements. Basis of accounting refers to “when” transactions are recorded regardless of the measurement focus applied.

On the government-wide Statement of Net Assets and the Statement of Activities, both governmental and business-like activities are presented using the economic resources measurement focus as defined below.

In the fund financial statements, the “current financial resources” measurement focus or the “economic resources” measurement focus is used as appropriate.

All governmental funds utilize a “current financial resources” measurement focus. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

All proprietary and pension trust funds utilize an “economic resources” measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net assets (or cost recovery), financial position, and cash flows. All assets and liabilities (whether current or noncurrent) associated with their activities are reported. Proprietary and pension trust fund equity is classified as net assets.

Agency funds are not involved in the measurement of results of operations; therefore, measurement focus is not applicable to them.

Basis of Accounting

In the government-wide Statement of Net Assets and Statement of Activities, both governmental and business-like activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when “measurable and available.” Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days after year-end. The Village recognizes property taxes when they become both measurable and available in accordance with GASB Codification Section P70.

VILLAGE OF CARY, ILLINOIS

Notes to the Financial Statements April 30, 2007

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING – Continued

Basis of Accounting – Continued

A sixty day availability period is used for revenue recognition for all other governmental fund revenues. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are recognized when due.

In applying the susceptible to accrual concept under the modified accrual basis, those revenues susceptible to accrual are property taxes, sales and use taxes, franchise taxes, licenses, interest revenue, and charges for services. All other revenues are not susceptible to accrual because generally they are not measurable until received in cash.

All proprietary, pension trust and agency funds utilize the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Village's enterprise funds, are charges to customers for sales and services. The Village also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

ASSETS, LIABILITIES, AND NET ASSETS OR EQUITY

Cash and Investments

Cash and cash equivalents on the Statement of Net Assets are considered to be cash on hand, demand deposits, cash with fiscal agent. For the purpose of the proprietary funds "Statement of Cash Flows", cash and cash equivalents are considered to be cash on hand, demand deposits, cash with fiscal agent, and all highly liquid investments with an original maturity of three months or less.

Investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on national exchanges are valued at the last reported sales price. Investments that do not have any established market, if any, are reported at estimated fair value.

VILLAGE OF CARY, ILLINOIS

Notes to the Financial Statements April 30, 2007

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

ASSETS, LIABILITIES, AND NET ASSETS OR EQUITY – Continued

Receivables

In the government-wide financial statements, receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable. Major receivables balances for governmental activities include property taxes, sales and use taxes, franchise taxes, and grants. Business-type activities report utility charges as their major receivables.

Interfund Receivables, Payables and Activity

Interfund activity is reported as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide financial statements.

Prepays /Inventories – Land Held for Resale

Payments made to vendors for services that will benefit periods beyond the date of this report are recorded as prepaids. Inventory of land held for resale is valued at cost using the specific identification method, and is recognized as an expenditure when sold/consumed.

Capital Assets

Capital assets purchased or acquired with an original cost of \$5,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. General capital assets are long-lived assets of the Village as a whole. Infrastructure such as streets, traffic signals and signs are capitalized. The valuation basis for general capital assets are historical cost, or where historical cost is not available, estimated historical cost based on replacement costs.

Capital assets in the proprietary funds are capitalized in the fund in which they are utilized. The valuation bases for proprietary fund capital assets are the same as those used for the general capital assets. Donated capital assets are capitalized at estimated fair market value on the date donated.

VILLAGE OF CARY, ILLINOIS

Notes to the Financial Statements April 30, 2007

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

ASSETS, LIABILITIES, AND NET ASSETS OR EQUITY – Continued

Capital Assets – Continued

Depreciation on all assets is computed and recorded using the straight-line method of depreciation over the following estimated useful lives:

Buildings and Improvements	10 – 45 Years
Vehicles	2 – 12 Years
Machinery and Equipment	3 – 7 Years
Infrastructure	10 – 40 Years

GASB Statement No. 34 required the Village to report and depreciate new infrastructure assets effective with the beginning of April 30, 2005 fiscal year. Infrastructure assets include roads, sidewalks, underground pipe (other than related to utilities), traffic signals, etc. These infrastructure assets are the largest asset class of the Village. Neither their historical cost nor related depreciation has historically been reported in the financial statements. Under GASB Statement No. 34, the Village is not required to retroactively restate infrastructure assets.

Compensated Absences

The Village accrues accumulated unpaid vacation and associated employee-related costs when earned (or estimated to be earned) by the employee. In accordance with GASB Statement No. 16, no liability is recorded for nonvesting accumulation rights to receive sick pay benefits. However, a liability is recognized for that portion of accumulated sick leave that is estimated to be taken as “terminal leave” prior to retirement.

All vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

VILLAGE OF CARY, ILLINOIS

Notes to the Financial Statements April 30, 2007

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

ASSETS, LIABILITIES, AND NET ASSETS OR EQUITY – Continued

Long-Term Obligations – Continued

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Unearned/Deferred Revenue

Governmental funds report unearned revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned.

Fund Equity

In the government-wide financial statements, equity is classified as net assets and displayed in three components:

Invested in capital assets, net of related debt—Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted net assets—Consists of net assets with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislations.

Unrestricted net assets—All other net assets that do not meet the definition of “restricted” or “invested in capital assets, net of related debt”.

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

VILLAGE OF CARY, ILLINOIS

Notes to the Financial Statements April 30, 2007

NOTE 2 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

BUDGETARY INFORMATION

Budgets are adopted on a basis consistent with generally accepted accounting principles. Annual appropriations are adopted for the general, capital projects, permanent and enterprise funds. All annual appropriations lapse at fiscal year end.

All departments of the Village submit requests for appropriation to the Village's Administrator so that a budget may be prepared. The budget is prepared by fund, function, and activity, and includes information on the past year, current year estimates, and requested appropriations for the next fiscal year.

The proposed budget is presented to the governing body for review. The governing body holds public hearings and may add to, subtract from, or change appropriations, but may not change the form of the budget.

The Administrator is authorized to transfer budgeted amounts between departments within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the governing body. Expenditures may not legally exceed budgeted appropriations at the fund level. During the year, no supplementary appropriations were necessary.

EXCESS OF ACTUAL EXPENDITURES/EXPENSES OVER BUDGET IN INDIVIDUAL FUNDS

The following funds had an excess of actual expenditures/expenses, exclusive of depreciation, over budget for the fiscal year.

<u>Fund</u>	<u>Excess</u>
Special Service Area #1	\$ 1,668,394
Special Service Area #2	927,118
Route 14 Redevelopment	17,571

DEFICIT FUND EQUITY

The Infrastructure Capital Improvements fund has deficit fund equity for the fiscal year of \$(40,001).

VILLAGE OF CARY, ILLINOIS

Notes to the Financial Statements April 30, 2007

NOTE 3 – DETAIL NOTES ON ALL FUNDS

DEPOSITS AND INVESTMENTS

The Village maintains a cash and investment pool that is available for use by all funds except the pension trust funds. Each fund type's portion of this pool is displayed on the financial statements as "cash and investments". In addition, investments are separately held by several of the Village's funds.

Permitted Deposits and Investments - Statutes authorize the Village to make deposits/invest in commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, obligations of States and their political subdivisions, credit union shares, repurchase agreements, commercial paper rated within the three highest classifications by at least two standard rating services, and the Illinois Funds. Pension funds may also invest in certain non-U.S. obligations, mortgages, veteran's loans, life insurance company contracts, money market mutual funds and common and preferred stocks.

The deposits and investments of the Pension Funds are held separately from those of other Village funds. Statutes authorize the Pension Funds to make deposits/invest in interest bearing direct obligations of the United States of America; obligations that are fully guaranteed or insured as to the payment of principal and interest by the United States of America; bonds, notes, debentures, or similar obligations of agencies of the United States of America; savings accounts or certificates of deposit issued by banks or savings and loan associations chartered by the United States of America or by the State of Illinois, to the extent that the deposits are insured by the agencies or instrumentalities of the federal government; State of Illinois Bonds; pooled accounts managed by the Illinois Public Treasurer, or by banks, their subsidiaries or holding companies, in accordance with the laws of the State of Illinois; bonds or tax anticipation warrants of any county, township, or municipal corporation of the State of Illinois direct obligations of the State of Israel; money market mutual funds managed by investment companies that are registered under the federal Investment Company Act of 1940 and the Illinois Securities Law of 1953 and are diversified, open-ended management investment companies, provided the portfolio is limited to specified restrictions; general accounts of life insurance companies and separate accounts of life insurance companies provided the investment in separate accounts does not exceed ten percent of the pension fund's net assets.

Illinois Funds is an investment pool managed by the Illinois public Treasurer's Office which allows governments within the State to pool their funds for investment purposes. Although not registered with the SEC, Illinois Funds does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in Illinois Funds are valued at the share price, the price for which the investment could be sold.

The Illinois Metropolitan Investment Fund (IMET) is a non-for-profit investment trust formed pursuant to the Illinois Municipal Code. IMET is managed by a Board of Trustees elected from the participating members. IMET is not registered with the SEC as an Investment Company. Investments in IMET are valued at the share price, the price for which the investment could be sold.

VILLAGE OF CARY, ILLINOIS

Notes to the Financial Statements April 30, 2007

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

DEPOSITS AND INVESTMENTS – Continued

Village Interest Rate Risk, Credit Risk, Custodial Credit Risk and Concentration Risk

Deposits and Investments. At year-end, the carrying amount of the Village's deposits for governmental, business-type and agency activities totaled \$7,350,685 and the bank balances totaled \$7,349,593. Additionally, at year-end the Village has \$9,341,076 invested in the Illinois Funds and \$6,258,243 invested in the Illinois Metropolitan Investment Fund.

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Village's investment policy states that there should be maintenance of sufficient liquidity to meet operating requirements. Furthermore, to the extent possible, the Village shall attempt to match its investments with anticipated cash flow requirements. Unless matched to a specific cash flow, the Village will not directly invest in securities maturing more than two years from the date of purchase. Reserve funds may be invested in securities exceeding two years if the maturity of such investments are made to coincide as nearly as practicable with the expected use of the funds. The maturity of the Village's investments in the Illinois Funds and the Illinois Metropolitan Investment Fund is less than one year.

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Besides investing in instruments authorized under State Statute, the Village's investment policy does not further limit investment choices. At year-end, the Village's investments in the Illinois Funds and the Illinois Metropolitan Investment Fund were rated AAAM by Standard & Poor's.

Custodial Credit Risk. In the case of deposits, this is the risk that in the event of a bank failure, the Village's deposits may not be returned to it. The Village's investment policy states funds on deposit (checking accounts, certificates of deposit, etc.) in excess of FDIC limits must be secured by some form of collateral in the name of the Village. At year-end, \$636,171 of the bank balance of deposits was not covered by federal depository or equivalent insurance. For an investment, this is the risk that in the event of the failure of the counterparty, the Village will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Village's investment policy states that the Chief Financial Officer will have the responsibility for selecting safekeeping agents for securities unless physically held by the Chief Financial Officer. At year-end, the Village's investments in the Illinois Funds and Illinois Metropolitan Investment Fund are not subject to custodial credit risk.

Concentration of Credit Risk. This is the risk of loss attributed to the magnitude of the Village's investment in a single issuer. The Village's investment policy states that investments shall be diversified to the best of the Village's ability based on the type of funds invested and the cash flow needs of those funds. Diversification can be by type of investment, number of institutions invested in, and length of maturity. At year-end, the Village's investments in the Illinois Funds and Illinois Metropolitan Investment Fund represent more than 5% of the total cash and investments portfolio.

VILLAGE OF CARY, ILLINOIS

Notes to the Financial Statements April 30, 2007

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

DEPOSITS AND INVESTMENTS – Continued

Police Pension Fund Interest Rate Risk, Credit Risk, Custodial Credit Risk and Concentration Risk

Deposits. At year-end, the carrying amount of the Police Pension Fund's deposits totaled \$153,139 and the bank balances totaled \$155,139.

Investments. The fair value and maturities of the Fund's investments at year-end are as follows:

Investment Type	Fair Value	Investment Maturities (in Years)			
		Less Than 1	1 to 5	6 to 10	More Than 10
U.S. Treasury Notes	\$ 1,506,343	98,449	943,786	464,108	-
U.S. Treasury Strips	190,640	190,640	-	-	-
GNMA	45,168	-	-	-	45,168
Federal Home Loan Mortgage Corp.	373,203	-	165,913	35,295	171,995
Federal Home Loan Banks	54,452	-	29,428	25,024	-
Federal National Mortgage Assoc.	725,984	14,991	75,446	134,775	500,772
	2,895,790	304,080	1,214,573	659,202	717,935

Interest Rate Risk. Besides investing primarily in U.S. Government and Agency securities, the Fund's investment policy does not further mitigate interest rate risk.

Credit Risk. The Fund's investment policy helps limit exposure to credit risk by primarily investing in securities issued by the United States Government and/or its agencies that are implicitly guaranteed by the United States Government. Other than attempting to invest in securities implicitly guaranteed by the United States Government and investment instruments authorized by State Statute, the Village's investment policy does not further limit investment choices. The Fund's investment in the U.S. Government and Agency securities were all triple A rated by Standard & Poor's.

Custodial Credit Risk. The Fund's investment policy does not limit custodial credit risk for deposits. For investments, the Fund's investment policy requires a custodial to accept possession of securities for safekeeping. At year-end, the entire amount of the bank balance of the deposits was covered by federal depository or equivalent insurance, and the balance of the government securities were covered by federal depository or equivalent insurance.

VILLAGE OF CARY, ILLINOIS

Notes to the Financial Statements April 30, 2007

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

DEPOSITS AND INVESTMENTS – Continued

Police Pension Fund Interest Rate Risk, Credit Risk, Custodial Credit Risk and Concentration Risk – Continued

Concentration Credit Risk. Additionally at year-end, the Fund has \$1,565,198 invested in mutual funds. The Fund's investment policy states that assets shall be diversified in order to minimize the risk of losses. Furthermore, the Fund's investment policy states the following asset classifications and acceptable minimum and maximum holding ranges:

	<u>Maximum</u>	<u>Minimum</u>
Mutual Funds	35%	30%
Fixed Income	75%	55%
Cash Equivalents	5%	0%

At year-end, the Fund's investment in JP Morgan mutual funds represents more than 5% of the total cash and investment portfolio of the Fund.

PROPERTY TAXES

Property taxes for 2006 attach as an enforceable lien on January 1, 2006, on property values assessed as of the same date. Taxes are levied by December of the subsequent fiscal year (by passage of a Tax Levy Ordinance). Tax bills are prepared by McHenry County and are payable in two installments, on or about June 1, 2007, and September 1, 2007. The County collects such taxes and remits them periodically.

INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

Interfund Balances

The composition of interfund balances as of the date of this report is as follows:

Receivable Fund	Payable Fund	Amount
General	T.I.F. Capital Projects	\$ 25,458
General	Infrastructure Capital Improvements	67,844
Other Capital Projects	General	<u>3,680</u>
		<u>96,982</u>

Interfund balances are advances in anticipation of receipts.

Interfund Transfers

Interfund transfers for the year consisted of the following:

Transfer In	Transfer Out	Amount
Infrastructure Capital Improvements	General	\$ 500,000
Other Capital Projects	General	1,000,000
Nonmajor Governmental	General	<u>725,000</u>
		<u>2,225,000</u>

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

VILLAGE OF CARY, ILLINOIS**Notes to the Financial Statements
April 30, 2007****NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued****LONG-TERM DEBT****Revenue Bonds**

The Village issues bonds for which the Village pledges income derived from the acquired or constructed assets to pay debt service Revenue bonds currently outstanding are as follows:

Issue	Fund Debt Retired By	Beginning Balances	Issuances	Retirements	Ending Balances
Water and Sanitation Refunding Revenue Bond Series of 2002, due in annual installments of \$155,000 to \$250,000 plus interest at 2.0% to 4.8% through May 1, 2017	Water and Sanitation	\$ 2,430,000	-	165,000	2,265,000
Water and Sanitation Refunding Revenue Bond Series of 2003, due in annual installments of \$25,000 to \$175,000 plus interest at 2.0% to 3.65% through May 1, 2015	Water and Sanitation	1,535,000	-	135,000	1,400,000
Water and Sanitation Refunding Revenue Bond Series of 2005, due in annual installments of \$30,000 to \$305,000 plus interest at 2.10% to 4.50% through May 1, 2017	Water and Sanitation	2,945,000	-	200,000	2,745,000
		<u>6,910,000</u>	<u>-</u>	<u>500,000</u>	<u>6,410,000</u>

IEPA Revenue Bonds

The Village has entered into an agreement with the IEPA to provide low interest financing for waterworks and sewerage improvements. IEPA revenue bonds currently outstanding are as follows:

Issue	Fund Debt Retired By	Beginning Balances	Issuances	Retirements	Ending Balances
IEPA Revenue Bond Series of 2002, due in annual installments of \$465,565, including interest at 2.57% through May 1, 2024	Water and Sanitation	\$ 6,675,467	-	295,895	6,379,572

VILLAGE OF CARY, ILLINOIS

Notes to the Financial Statements April 30, 2007

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

LONG-TERM DEBT – Continued

Long-Term Liability Activity

Changes in long-term liabilities during the fiscal year were as follows:

Type of Debt	Beginning Balances	Additions	Deductions	Ending Balances	Amounts Due within One Year
Governmental Activities					
Net Pension Obligation	\$ 215,037	64,769	-	279,806	-
Compensated Absences	177,910	24,650	12,325	190,235	38,047
	392,947	89,419	12,325	470,041	38,047
Business-Type Activities					
Compensated Absences	62,017	5,452	2,726	64,743	12,949
Revenue Bonds	6,910,000	-	500,000	6,410,000	515,000
IEPA Revenue Bonds	6,675,467	-	295,895	6,379,572	303,548
	13,647,484	5,452	798,621	12,854,315	831,497

The General Fund makes payments on the net pension obligation. Payments on the installment contract are made by the Other Capital Projects Fund. The Water and Sanitation Fund makes payments on the revenue bonds. Compensated absences for the governmental activities are generally liquidated by the General Fund.

Noncommitment Debt

Special Service Area Bonds

Special service area bonds outstanding as of the date of this report totaled \$20,540,000. These bonds are not an obligation of the government and are secured by the levy of annual tax on the real property within the special service area. The government is in no way liable for repayment but is only acting as agent for the property owners in levying and collecting the tax, and forwarding the collections to bondholders.

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

LONG-TERM DEBT – Continued

Legal Debt Margin

Chapter 65, Section 5/8-5-1 of the Illinois Compiled Statutes provides "...no municipality having a population of less than 500,000 shall become indebted in any manner or for any purpose, to an amount, including existing indebtedness in the aggregate exceeding 8.625% on the value of the taxable property therein, to be ascertained by the last assessment for state and county purposes, previous to the incurring of the indebtedness or, until January 1, 1983, if greater, the sum that is produced by multiplying the municipality's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979."

Assessed Valuation - 2006	<u>\$ 571,508,019</u>
Legal Debt Limit - 8.625% of Assessed Value	49,292,567
Amount of Debt Applicable to Limit	<u>-</u>
Legal Debt Margin	<u>49,292,567</u>

Bond Defeasances

In prior years the Village defeased certain obligations by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Since the requirements which normally satisfy defeasance have been met, the financial statements reflect satisfaction of the original liability through the irrevocable transfer to an escrow agent of an amount computed to be adequate to meet the future debt service requirements of the issue. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the Village's financial statements. The defeased bonds still outstanding are as follows:

	<u>Final Maturity</u>	<u>Remaining Outstanding</u>
Water and Sanitation Revenue Bond Series of 1995	2017	\$ 2,095,000

Revenue Bond Ordinance Disclosures

Water and Sanitation Fund - The revenue bond ordinance requires that all monies held in the Water and Sanitation Fund be segregated and restricted in separate special reserve accounts, in the priority indicated by the order of the following:

Operations and Maintenance – an amount sufficient to pay one month of operating expenses of the system. Amounts may be expended on operating, maintaining and repairing the system.

Bond and Interest – an amount sufficient to pay the current portion of principal and interest maturities. Amounts may be expended for principal and interest on the bonds.

Bond Reserve – the amount of \$560,000 upon delivery of the bonds and \$10,000 per month until the account aggregates to maximum annual principal and interest still outstanding. Amounts may be expended for principal and interest on the bonds should sufficient funds not be available in the bond and interest account.

Depreciation, Improvement and Extention – the amount of \$3,000 per month until the account aggregates 4.75% of the value of the system. Amounts may be expended on the costs of extraordinary repairs and replacements to the system.

Surplus – the amount remaining after payment of the previous four accounts. Amounts may be expended for any lawful corporate purpose.

Supplemental information required under bond ordinance provision, not subject to audit:

	<u>Water</u>	<u>Sewer</u>
Water and sewer rates per 1,000 gallons	\$3.43	\$2.37
Number of metered water and sewer customers	6,324	
Quantity of water pumped	683,292,000	
Quantity of water billed	539,138,000

VILLAGE OF CARY, ILLINOIS

Notes to the Financial Statements April 30, 2007

NOTE 4 – OTHER INFORMATION

RISK MANAGEMENT

The Village is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; natural disasters; and injuries to the Village's employees. These risks are provided for through participation in the Intergovernmental Risk Management Agency and private insurance coverage. The Village has purchased insurance from private insurance companies, covered risks included medical, dental, life, and other. Premiums have been displayed as expenditures/expenses in appropriate funds. There were no significant changes in insurance coverage's from the prior year and settlements did not exceed insurance coverage in any of the past three fiscal years.

The Village participates in the Intergovernmental Risk Management Agency (IRMA). IRMA is an organization of municipalities and special districts in Northeastern Illinois which have formed an association under the Illinois Intergovernmental Cooperation's Statute to pool its risk management needs. The agency administers a mix of self-insurance and commercial insurance coverage's; property/casualty and workers' compensation claim administration /litigation management services; unemployment claim administration; extensive risk management/loss control consulting and training programs; and a risk information system and financial reporting service for its members.

The Village's payments to IRMA are displayed on the financial statements as expenditures/expenses in appropriate funds. Each member assumes the first \$10,000 of each occurrence, and IRMA has a mix of self-insurance and commercial insurance at various amounts about that level. Each member appoints one delegate, along with an alternate delegate, to represent the member on the Board of Directors. The Village does not exercise any control over the activities of the Agency beyond its representation on the Board of Directors. Initial contributions are determined each year based on the individual member's eligible revenue as defined in the by-laws of IRMA and experience modification factors based on past member loss experience. Members have a contractual obligation to fund any deficit of IRMA attributable to a membership year during which they were a member. Supplemental contributions may be required to fund these deficits.

POST-EMPLOYMENT BENEFITS

The Village provides certain health care insurance benefits for retired employees and their dependents. In accordance with Village policy substantially all of the Village's employees may become eligible for those benefits if they reach normal retirement age while working for the Village. The retirees pay an annual premium which is equal to the actuarially determined cost for each plan year. Accordingly, no liability has been recorded for post-retirement health care benefits. The Village also provides COBRA health and dental benefits to all prior employees as required by federal law. The prior employee pays 100 percent of the premium.

VILLAGE OF CARY, ILLINOIS

Notes to the Financial Statements April 30, 2007

NOTE 4 – OTHER INFORMATION – Continued

CONTINGENT LIABILITIES

Litigation

The Village is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the Village's attorney, the resolution of these matters will not have a material adverse effect on the financial condition of the Village.

Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the Village expects such amounts, if any, to be immaterial.

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLAN

The Village contributes to two defined benefit pension plans, the Illinois Municipal Retirement Fund (IMRF), a defined benefit agent multiple-employer public employee retirement system; and the Police Pension Plan that is a single-employer pension plan. Separate, audited GAAP-basis financial statements for the Police Pension Plan can be obtained by writing the Village at 655 Village Hall Drive, Cary, Illinois 60013. IMRF does issue a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole, but not by individual employer. That report may be obtained by writing to the Illinois Municipal Retirement Fund, 2211 York Road, Suite 500, Oak Brook, Illinois 60523. The benefit, benefit levels, employee contributions, and employer contributions are governed by Illinois Compiled Statutes and can only be amended by the Illinois General Assembly.

Plan Descriptions, Provisions and Funding Policies

Illinois Municipal Retirement System

All employees (other than those covered by the Police plan) hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. Pension benefits vest after eight years of service. Participating members who retire at or after age 60 with 8 years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3 percent of their final rate (average of the highest 48 consecutive months' earnings during the last 10 years) of earnings, for each year of credited service up to 15 years, and 2 percent for each year thereafter. IMRF also provides death and disability benefits. These benefit provisions and all other requirements are established by state statute.

VILLAGE OF CARY, ILLINOIS

Notes to the Financial Statements April 30, 2007

NOTE 4 – OTHER INFORMATION – Continued

Plan Descriptions, Provisions and Funding Policies – Continued

Illinois Municipal Retirement System – Continued

Employees participating in the plan are required to contribute 4.50 percent of their annual covered salary to IMRF. The employees' contribution rate is established by state statute. The Village is required to contribute the remaining amount necessary to fund the IMRF plan as specified by statute. The employer rate for calendar year 2006 was 13.52 percent.

Police Pension Plan

The Police Pension Plan is a single-employer defined benefit pension plan that covers all sworn police personnel. Although this is a single-employer pension plan, the defined benefits and employee and employer contribution levels are governed by Illinois State Statutes and may be amended only by the Illinois legislature. The Village accounts for the plan as a pension trust fund.

Retirees and beneficiaries currently receiving benefits and terminated employees entitled to benefits but not yet receiving them.	6
Current Employees Vested and Nonvested	<u>27</u>
	<u>33</u>

The following is a summary of the Police Pension Plan as provided for in Illinois State Statutes.

The Police Pension Plan provides retirement benefits as well as death and disability benefits. Covered employees attaining the age of 50 or more with 20 or more years of creditable service are entitled to receive an annual retirement benefit of one-half of the salary attached to the rank held on the last day of service, or for one year prior to the last day, whichever is greater. The pension shall be increased by 2.5% of such salary for each additional year of service over 20 years up to 30 years, to a maximum of 75% of such salary. Employees with at least 8 years but less than 20 years of credited service may retire at or after age 60 and receive a reduced benefit. The monthly benefit of a police officer who retired with 20 or more years of service after January 1, 1977 shall be increased annually, following the first anniversary date of retirement and be paid upon reaching the age of at least 55 years, by 3% of the original pension and 3% compounded annually thereafter.

VILLAGE OF CARY, ILLINOIS

Notes to the Financial Statements April 30, 2007

NOTE 4 – OTHER INFORMATION – Continued

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLANS – Continued

Police Pension Fund – Continued

Covered employees are required to contribute 9.91% of their base salary to the Police Pension Plan. If an employee leaves covered employment with less than 20 years of service, accumulated employee contributions may be refunded without accumulated interest. The Village is required to contribute the remaining amounts necessary to finance the plan, including administrative costs, as actuarially determined by an enrolled actuary. By the year 2033 the Village's contributions must accumulate to the point where the past service cost for the Police Pension Plan is fully funded.

Summary of Significant Accounting Policies and Plan Asset Matters

Basis of Accounting

The financial statements are prepared using the accrual basis of accounting. Employee and employer contributions are recognized as revenues when due, pursuant to formal commitments, as well as statutory or contractual requirements. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Method Used to Value Investments

Investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on national exchanges are valued at the last reported sales price.

Significant Investments

There are no investments (other than U.S. Government and U.S. Government-guaranteed obligations) in the police pension fund that represent 5 percent or more of net assets available for benefits for the Police Pension Fund.

Related Party Transactions

There are no securities of the employer or any other related parties included in plan assets.

OTHER SUPPLEMENTARY INFORMATION

Other supplementary information includes financial statements and schedules not required by the GASB, nor a part of the basic financial statements, but are presented for purposes of additional analysis.

Such statements and schedules include:

- Budgetary Comparison Schedules – Major Governmental
General, Infrastructure Capital Improvements, Other Capital Projects,
Special Services Area #1 and Special Service Area #2 Funds
- Combining Schedules – Nonmajor Governmental Funds
- Budgetary Comparison Schedules – Nonmajor Governmental Funds
T.I.F. Capital Projects, Route 14 Redevelopment Capital Projects, Cemetery and
Revolving Loan Funds
- Budgetary Comparison Schedules – Enterprise Funds
Water and Sanitation and Parking Funds
- Combining Statement of Changes in Assets and Liabilities – Agency Funds
Special Services Area #1 and Special Service Area #2 Funds

COMBINING AND INDIVIDUAL FUND FINANCIAL STATEMENTS AND SCHEDULES

GENERAL FUND

The General Fund accounts for all financial resources except those required to be accounted for in another fund.

CAPITAL PROJECTS FUNDS

The Capital Projects Funds accounts for all resources used for the acquisition of capital assets by the Village, except those financed by Proprietary and Trust Funds, including general and infrastructure capital assets.

TIF Fund

The TIF Fund is used to account for activities associated with improvements within the Tax Increment Financing District.

Route 14 Redevelopment Fund

The Route 14 Redevelopment Fund is used to account for infrastructure projects not accounted for in the Infrastructure Capital Improvements Fund or the Other Capital Projects Fund.

Infrastructure Capital Improvements Fund

The Infrastructure Capital Improvements Fund is used to account for purchases of capital assets.

Other Capital Projects Fund

The Other Capital Projects Fund is used to account for capital projects not accounted for in the Infrastructure Capital Improvements Fund.

Special Services Area #1 Fund

The Special Services Area #1 Fund is used to account for a portion of the infrastructure costs for the Cambria subdivision.

Special Services Area #2 Fund

The Special Services Area #2 Fund is used to account for a portion of the infrastructure costs for the Foxford Hills subdivision.

COMBINING AND INDIVIDUAL FUND FINANCIAL STATEMENTS AND SCHEDULES

PERMANENT FUNDS

Revolving Loan Fund

The Revolving Loan Fund is set up for the purpose of accounting for money received from the CDAP grant used for business loans and the money received from the General Fund for residential loans.

Cemetery Fund

The Cemetery Fund is set up for the purpose of accounting for the collection of the perpetual care payments for lifetime cemetery lot maintenance, and for the revenues and expenses of operating the cemetery.

ENTERPRISE FUNDS

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or where it has been decided that periodic determination of revenues earned, expenses incurred and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purpose.

Water and Sanitation Fund

The Water and Sanitation Fund is used to account for the provision of potable water and wastewater treatment services to the residents of the Village. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations and maintenance, financing and related debt service, billing and collection.

Parking Fund

The Parking Fund is used to account for the provision of public parking services for commuters. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations and maintenance, financing and related debt service, billing and collection.

COMBINING AND INDIVIDUAL FUND FINANCIAL STATEMENTS AND SCHEDULES

TRUST AND AGENCY FUNDS

PENSION TRUST FUNDS

Police Pension Fund

Pension Trust Funds are set up for the purpose of accounting for money received from nonenterprise fund sources and held by a governmental unit in the capacity of trustee for individuals, entities and nonpublic organizations.

AGENCY FUNDS

Special Services Area #1 Fund

To account for the collection of property taxes within special service area #1 and payments of related special service area debt.

Special Services Area #2 Fund

To account for the collection of property taxes within special service area #2 and payments of related special service area debt.

Agency Aggregate Cap (applies to Loss Fund only)	75,894,495

STATISTICAL SECTION

(Unaudited)

This part of the comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the Village's overall financial health.

Financial Trends

These schedules contain trend information to help the reader understand how the Village's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the Village's most significant local revenue sources.

Debt Capacity

These schedules present information to help the reader assess the affordability of the Village's current levels of outstanding debt and the Village's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the Village's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the Village's financial report relates to the services the Village provides and the activities it performs.
