I. INTRODUCTION

The Woodlands Public Improvement District (the “PID”) was created pursuant to the PID Act and Resolution No. 2020-03-26-1 approved by the Commissioners Court of Medina County, Texas (the “Commissioners Court”) on March 26, 2020 to finance certain public improvement projects for the benefit of the property in the PID.

On March 11, 2021, the Commissioners Court approved issuance of the Medina County, Texas Special Assessment Revenue Bonds, Series 2021 (Woodlands Public Improvement District Neighborhood Improvement Area #1 Project) (the “NIA #1 Bonds”) in the aggregate principal amount of \$6,625,000, and the Medina County, Texas Special Assessment Revenue Bonds, Series 2021 (Woodlands Public Improvement District Major Improvement Area Project) (the “MIA Bonds”) in the aggregate principal amount of \$4,700,000, were issued to finance, refinance, provide or otherwise assist in the acquisition, construction and maintenance of the public improvements provided for the benefit of the property in the PID.

A service and assessment plan (the “Service and Assessment Plan”) was prepared at the direction of the County identifying the public improvements (the “Authorized Improvements”) to be provided by the PID, the costs of the Authorized Improvements, the indebtedness to be incurred for the Authorized Improvements, and the manner of assessing the property in the PID for the costs of the Authorized Improvements. Pursuant to the PID Act, the Service and Assessment Plan must be reviewed and updated annually. This document is the annual update of the Service and Assessment Plan for 2023-24 (the “Annual Service Plan Update”).

The County also adopted the Neighborhood Improvement Area #1 (the “NIA #1”) Assessment Roll and the Major Improvement Area (the “MIA”) Assessment Roll attached as Appendix F and Appendix E, respectively, to the Service and Assessment Plan, identifying the assessments on each Parcel within the PID, based on the method of assessment identified in the Service and Assessment Plan. This Annual Service Plan Update also updates the Assessment Rolls for 2023-24.

Effective September 1, 2022, the Texas legislature passed House Bill 1543 as an amendment to the PID Act, requiring, among other things, (i) all Service and Assessment Plans and Annual Service Plan Updates be approved through County ordinance or order to be filed with the county clerk of each county in which all or part of the PID is located within seven days and (ii) include a copy of the notice form required by Section 5.014 of the Texas Property Code (the “PID Assessment Notice”) as disclosure of the obligation to pay PID Assessments. In light of these amendments to the PID Act, this Annual Service Plan Update includes a copy of the PID Assessment Notice as Appendix F and copy of this Annual Service Plan Update will be filed with the county clerk in each county in which all or a part of the PID is located not later than seven (7) days after the date the governing body of the County approves this Annual Service Plan Update.

Section 372.013 of the PID Act, as amended, stipulates that a person who proposes to sell or otherwise convey real property that is located in the PID, except in certain situation described in the PID Act, shall first give to the purchaser of the property a copy of the completed PID

Assessment Notice. The PID Assessment Notice shall be given to a prospective purchase before the execution of a binding contract of purchase and sale, either separately or as an addendum or paragraph of a purchase contract. In the event a contract of purchase and sale is entered into without the seller provided the required notice, the purchaser, subject to certain exceptions described in the PID act, is entitled to terminate the contract.

The PID Assessment Notice shall be executed by the seller and must be filed in the real property records of the County in which the property is located at the closing of the purchase and sale of the property.

Capitalized terms shall have the meanings set forth in the Service and Assessment Plan unless otherwise defined herein.

D. ANNUAL BUDGET – NEIGHBORHOOD IMPROVEMENT AREA #1

NIA #1 - Annual Installments – 2023-24

The Assessment imposed on any Parcel may be paid in full at any time. If not paid in full, the Assessment shall be payable in thirty Annual Installments of principal and interest beginning with the tax year following the issuance of the NIA #1 Bonds and/or the NIA #1 Reimbursement Agreement, of which twenty-seven (27) Annual Installments remain outstanding.

Pursuant to the Service and Assessment Plan, each Assessment shall bear interest at the rate on the NIA #1 Bonds commencing with the issuance of the NIA #1 Bonds. The effective interest rate on the NIA #1 Bonds is 4.50 percent and the interest rate applicable to the NIA #1 Reimbursement Agreement is 4.34 percent per annum. Pursuant to Section 372.018 of the PID Act, the interest rate for that assessment may not exceed a rate that is one-half of one percent higher than the actual interest rate paid on the debt. Accordingly, the effective interest rate on the NIA #1 Bonds (4.50 percent) plus an additional interest of one-half of one percent are used to calculate the interest on the Assessments. These payments, the "Annual Installments" of the Assessments, shall be billed by the County in 2023 and will be delinquent on February 1, 2024.

Pursuant to the Service and Assessment Plan, the Annual Service Plan Update shall show the remaining balance of the Assessments, the Annual Installment due for 2023-24 and the Administrative Expenses to be collected from each Parcel. Administrative Expenses shall be allocated to each Parcel pro rata based upon the amount the Annual Installment on a Parcel bears to the total amount of Annual Installments in the PID as a whole that are payable at the time of such allocation. Each Annual Installment shall be reduced by any credits applied under applicable documents including the Service and Assessment Plan and Trust Indenture, such as the TIRZ Annual Credit Amount, capitalized interest and interest earnings on any account balances and by any other funds available to the PID.

Annual Budget for the Repayment of Indebtedness

Debt service will be paid on the NIA #1 Bonds from the collection of the Annual Installments. In addition, Administrative Expenses are to be collected with the Annual Installments to pay expenses related to the collection of the Annual Installments. The additional interest collected with the Annual Installments will be used to pay the prepayment and delinquency reserve amounts as described in the Service and Assessment Plan and applicable Trust Indenture.

Neighborhood Improvement Area #1 Annual Installments to be Collected for 2023-24

The budget for Neighborhood Improvement Area #1 of the PID will be paid from the collection of Annual Installments collected for 2023-24 as shown in Table II-D-1 below.

Contingency	\$4,000
Total	\$53,000

Excess Interest for Prepayment and Delinquency Reserve

Annual Installments to be collected for excess interest for prepayment and delinquency reserves in the amount of \$31,850, which equals 0.5 percent interest on the outstanding NIA #1 Bond Assessment balance of \$6,370,000.

Maintenance Assessment

Pursuant to the Maintenance Agreement, the Maintenance Assessment will only be collected in the event the Homeowner's Association (the "HOA") fails to maintain, repair, and keep in good condition and working order the applicable public improvements.

As of July 31, 2023, construction of the Neighborhood Improvement Area #1 Improvements is not complete, and the County has not determined there is a need for collecting the Maintenance Assessment. As a result, there is no Maintenance Assessment to be collected for 2023-24.

Available Reserve Fund Income

As of July 31, 2023, the balance in the Reserve Fund was \$429,296, which exceeds the Bond Reserve Requirement of \$422,306. Pursuant to Section 6.08 (e) of the Trust Indenture, any excess

funds within the Reserve Fund should be transferred to the Principal & Interest Account and used to pay interest on the Bonds on the next interest payment date. As a result, there are \$6,990 in funds anticipated to be available to pay the debt service for Assessment Year ending September 1, 2024.

Available Capitalized Interest Account

According to Section 6.05(e) of the Indenture, capitalized interest funds shall be used for payment of all interest due on September 1, 2021. As a result, there are no capitalized interest funds anticipated to be available to reduce the NIA #1 Annual Installment for 2023-24.

Available Administrative Expense Account

As of July 31, 2023, the balance in the Administrative Expense Fund was \$91,237. As a result, there are \$5,000 in funds anticipated to be available to reduce the NIA #1 Annual Installment for Assessment Year ending September 1, 2024.

E. ANNUAL INSTALLMENTS PER UNIT - NEIGHBORHOOD IMPROVEMENT AREA #1

According to the Service and Assessment Plan, the Annual Installments shall be collected in an amount sufficient to pay principal and interest on the NIA #1 Bonds, to fund the Prepayment Reserve and Delinquency Reserve described in the Service and Assessment Plan, fund the Maintenance Assessment as needed, and to cover Administrative Expenses of NIA #1.

According to the Service and Assessment Plan, 413 units were anticipated to be built within NIA #1 of the PID. Accordingly, the net principal and interest portion of Annual Installment to be collected from each unit will be \$2,047.57 (i.e. $((\$820,785 + \$31,850) - \$6,990) \div 413 = \$2,047.57$), the Maintenance Assessment to be collected from each unit will be \$0 (i.e. $\$0 \div 413 = \0), and the net Administrative Expenses to be collected from each unit will be \$116.22 (i.e. $(\$53,000 - \$5,000) \div 413 = \$116.22$). As a result, the total Annual Installment to be collected from each unit within NIA #1 will be \$2,163.79 ($\$2,047.57 + \$0 + \$116.22 = \$2,163.79$). The Annual Installment to be collected from each Parcel within NIA #1 is calculated by multiplying the Annual Installment for each unit of \$2,163.79 by the total estimated units for each Parcel in NIA #1 for 2023-24.

The Annual Installment due to be collected from each Land Use Class in NIA #1 for 2023-24 is shown in Table II-E-1 below.

The Assessment imposed on any Parcel may be paid in full at any time. If not paid in full, the Assessment shall be payable in thirty Annual Installments of principal and interest beginning with the tax year following the issuance of the MIA Bonds, of which twenty-seven (27) Annual Installments remain outstanding.

Pursuant to the Service and Assessment Plan, each Assessment shall bear interest at the rate on the MIA Bonds commencing with the issuance of the MIA Bonds. The effective interest rate on the MIA Bonds is 5.31 percent per annum. Pursuant to Section 372.018 of the PID Act, the interest rate for that assessment may not exceed a rate that is one-half of one percent higher than the actual interest rate paid on the debt. Accordingly, the effective interest rate on the MIA Bonds (5.31 percent) plus an additional interest of one-half of one percent are used to calculate the interest on the Assessments. These payments, the “Annual Installments” of the Assessments, shall be billed by the County in 2023 and will be delinquent on February 1, 2024.

Pursuant to the Service and Assessment Plan, the Annual Service Plan Update shall show the remaining balance of the Assessments, the Annual Installment due for 2023-24 and the Administrative Expenses to be collected from each Parcel. Administrative Expenses shall be allocated to each Parcel pro rata based upon the amount the Annual Installment on a Parcel bears to the total amount of Annual Installments in the PID as a whole that are payable at the time of such allocation. Each Annual Installment shall be reduced by any credits applied under applicable documents including the Service and Assessment Plan and Trust Indenture, such as the TIRZ Annual Credit Amount, capitalized interest and interest earnings on any account balances and by any other funds available to the PID.

Annual Budget for the Repayment of Indebtedness

Debt service will be paid on the MIA Bonds from the collection of the Annual Installments. In addition, Administrative Expenses are to be collected with the Annual Installments to pay expenses related to the collection of the Annual Installments. The additional interest collected with the Annual Installments will be used to pay the prepayment and delinquency reserve amounts as described in the Service and Assessment Plan and applicable Trust Indenture.

Annual Installments to be collected for the MIA Bonds include a principal amount of \$85,000 due on September 1, 2024. As a result, total principal and interest due in 2023-24 for the MIA Annual Installments to be collected for principal and interest in 2023-24 for the MIA Bonds is estimated to be equal to \$334,494.

Administrative Expenses

Administrative expenses include the County, Administrator, Trustee, dissemination agent, and contingency fees. As shown in Table II-F-2 on the following page, the total MIA administrative expenses to be collected for 2023-24 are estimated to be \$37,000.

Table II-F-2

Contingency	\$5,000
Total	\$37,000

Excess Interest for Prepayment and Delinquency Reserve

Annual Installments to be collected for excess interest for prepayment and delinquency reserves in the amount of \$23,500, which equals 0.5 percent interest on the outstanding MIA Bond Assessment balance of \$4,700,000.

Maintenance Assessment

Pursuant to the Maintenance Agreement, the Maintenance Assessment will only be collected in the event the Homeowner's Association (the "HOA") fails to maintain, repair, and keep in good condition and working order the applicable public improvements.

As of July 31, 2023, construction of the Major Improvement Area Improvements is not complete, and the County has not determined there is a need for collecting the Maintenance Assessment. As a result, there is no Maintenance Assessment to be collected for 2023-24.

Available Reserve Fund Income

As of July 31, 2023, the balance in the Reserve Fund was \$343,188, which exceeds the Bond Reserve Requirement of \$337,600. As a result, there are \$5,588 in funds anticipated to be available to pay the debt service for Assessment Year ending September 1, 2024.

Available Capitalized Interest Account

The final payment out of the Capitalized Interest Fund will be used to pay interest on the MIA Bonds on the interest payment dates for Assessment Year ending September 1, 2023. As a result, there will be no credit available to reduce the Annual Installment for Assessment Year ending September 1, 2024.

Available Administrative Expense Account

As of July 31, 2023, the balance in the Administrative Expense Fund was \$6,502. The available balance is anticipated to be used for future administrative expenses. As a result, there are no funds

anticipated to be available in the Administrative Expense Fund to reduce the MIA 2023-24 Annual Installment.

G. ANNUAL INSTALLMENTS PER UNIT - MAJOR IMPROVEMENT AREA

According to the Service and Assessment Plan, the Annual Installments shall be collected in an amount sufficient to pay principal and interest on the MIA Bonds, to fund the Prepayment Reserve and Delinquency Reserve described in the Service and Assessment Plan, fund the Maintenance Assessment as needed, and to cover Administrative Expenses of the Major Improvement Area.

According to the Service and Assessment Plan, 814 units were anticipated to be built within the Major Improvement Area of the PID. Accordingly, the net principal and interest portion of Annual Installment to be collected from each unit will be \$432.93 (i.e. $((\$334,494 + \$23,500) - \$5,588) \div 413 = \432.93), the Maintenance Assessment to be collected from each unit will be \$0 (i.e. $\$0 \div 814 = \0), and the net Administrative Expenses to be collected from each unit will be \$28.87 (i.e. $\$37,000 \div 814 = \28.87). As a result, the total Annual Installment to be collected from each unit within the MIA will be \$478.39 ($\$432.93 + \$0 + \$28.87 = \478.39). The Annual Installment to be collected from each Parcel within the Major Improvement Area is calculated by multiplying the Annual Installment for each unit of \$478.39 by the total estimated units for each Parcel in the Major Improvement Area for 2023-24.

The Annual Installment due to be collected from each Land Use Class in the Major Improvement Area for 2023-24 is shown in Table II-G-1 below.

Table II-G-1
Annual Installment Per Unit – MIA

Land Use Class	Annual Installment Per Unit

The list of Parcels within the Major Improvement Area of the PID, the number of units to be developed on the current residential Parcels, the corresponding total units, the total outstanding Assessment, the annual principal and interest, the Administrative Expenses, and the Annual Installment to be collected for 2023-24 are shown in the Assessment Roll Summary attached hereto as Appendix E.

H. BOND REDEMPTION RELATED UPDATES

NIA #1 Bonds

The NIA #1 Bonds were issued in 2021. Pursuant to Section 4.3 of the NIA #1 Trust Indenture, the County reserves the right and option to redeem the NIA #1 Bonds before their scheduled maturity dates, in whole or in part, on any interest payment date on or after **September 15, 2029**,

such redemption date or dates to be fixed by the County, at the redemption prices and dates shown in the applicable Trust Indenture.

The Administrator has conducted a preliminary evaluation of the current refunding market conditions, recent PID bond refunding transactions, and other relevant factors. Based on this preliminary evaluation, the Administrator believes a refunding of the NIA #1 Bonds does not appear viable at this time. The Administrator will continue to monitor the refunding market conditions, applicable PID bond refunding transactions, and other relevant factors to determine if refunding becomes viable in the future and will inform the County accordingly.

MIA Bonds

The MIA Bonds were issued in 2021. Pursuant to Section 4.3 of the MIA Trust Indenture, the County reserves the right and option to redeem the Major Improvement Bonds before their scheduled maturity dates, in whole or in part, on any interest payment date on or after **September 15, 2029**, such redemption date or dates to be fixed by the County, at the redemption prices and dates shown in the applicable Trust Indenture.

The Administrator has conducted a preliminary evaluation of the current refunding market conditions, recent PID bond refunding transactions, and other relevant factors. Based on this preliminary evaluation, the Administrator believes a refunding of the MIA Bonds does not appear viable at this time. The Administrator will continue to monitor the refunding market conditions, applicable PID bond refunding transactions, and other relevant factors to determine if refunding becomes viable in the future and will inform the County accordingly.

III. UPDATE OF THE ASSESSMENT PLAN

The Service and Assessment Plan adopted by the County describes that the Authorized Improvement costs shall be allocated to the Assessed Property equally based on the equivalent number of residential dwelling units anticipated to be built on each Parcel once such property is fully developed, and that such method of allocation will result in the imposition of equal shares of the Authorized Improvement costs to Parcels similarly benefited.

The Neighborhood Improvement Area #1 Reimbursement Agreement principal and interest repayment schedule was recalculated for 29 years from the initial term of 30 years as a result of non-collection of Neighborhood Improvement Area #1 Annual Installments in 2020-21. Please see Appendix C for the revised Neighborhood Improvement Area #1 Reimbursement Agreement debt service schedule.

Assessment Methodology

This method of assessing property has not been changed and Assessed Property will continue to be assessed as provided for in the Service and Assessment Plan.

(remainder of this page is intentionally left blank)

IV. UPDATE OF THE ASSESSMENT ROLL

Pursuant to the original Service and Assessment Plan, the Assessment Rolls shall be updated each year to reflect:

- (i) the identification of each Parcel
- (ii) the Assessment for each Parcel of Assessed Property, including any adjustments authorized by the Service and Assessment Plan or in the PID Act;
- (iii) the Annual Installment for the Assessed Property for the year (if the Assessment is payable in installments); and
- (iv) payments of the Assessment, if any, as provided by Section VI.I of the Service and Assessment Plan.

The summary of updated Assessment Rolls is shown in Appendix D and Appendix E of this report. Each Parcel in the PID is identified, along with the Assessment on each Parcel and the Annual Installment to be collected from each Parcel. Assessments are to be reallocated for the subdivision of any Parcels.

A. PARCEL UPDATES

According to the Service and Assessment Plan, upon the subdivision of any Parcel, the Administrator shall reallocate the Assessment for the Parcel prior to the subdivision among the new subdivided Parcels according to the following formula:

$$A = B \times (C \div D)$$

Where the terms have the following meanings:

- A = the Assessment for each new subdivided Parcel.
- B = the Assessment for the Parcel prior to subdivision.
- C = the estimated units to be built on each newly subdivided Parcel
- D = the sum of the estimated units to be built on all of the new subdivided Parcels

The calculation of the estimated number of units to be built on a Parcel shall be performed by the Administrator and confirmed by the County based on the information available regarding the use of the Parcel. The estimate as confirmed shall be conclusive. The number of units to be built on a Parcel may be estimated by net land area and reasonable density ratios.

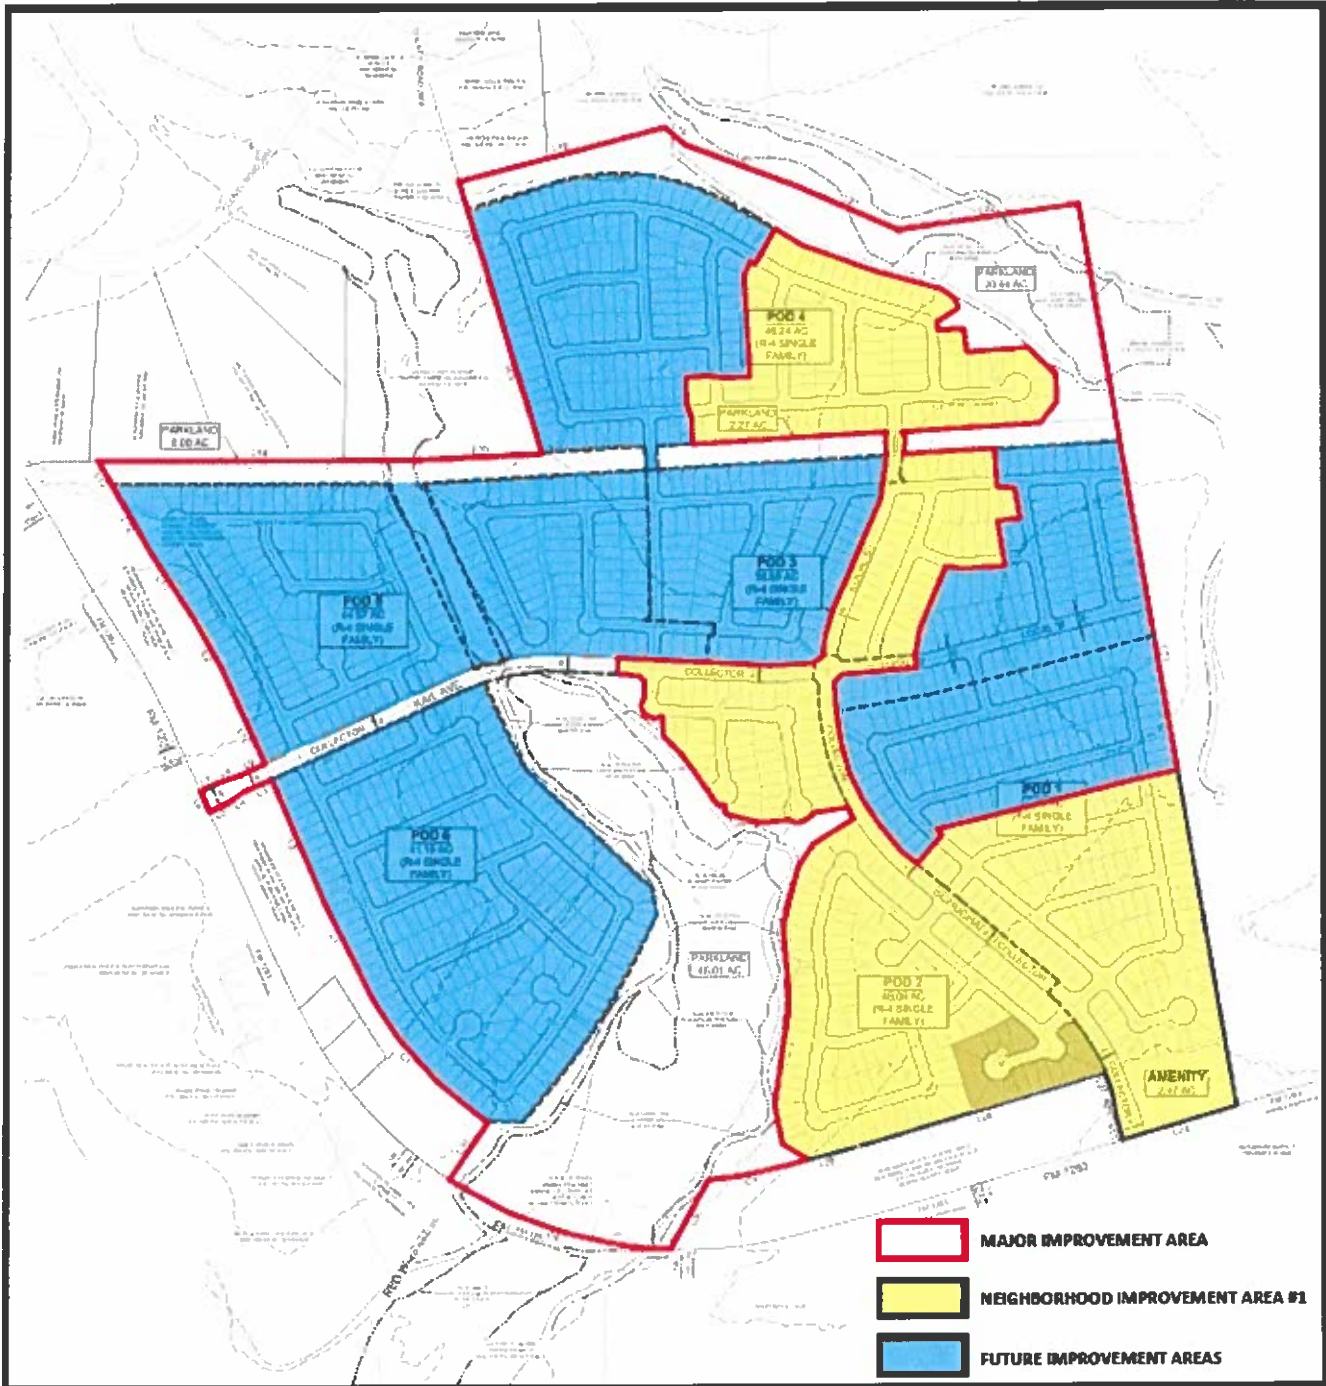

B. PREPAYMENT OF ASSESSMENTS

As of July 31, 2023 there have been no prepayment of Assessments for any Parcel within the PID.

The complete Assessment Roll is available for review at the Commissioners Court Office, located at 1300 Avenue M, Hondo, Texas 78861.
